**Subject:** Rezoning Plan

Good Evening,

I am greatly concerned about what I'm hearing through various avenues regarding a city rezoning plan that would allow four-floor apartment/condo style buildings in our residential neighborhoods.

Having this type of building on a residential street would greatly increase the traffic, change the style when most of our houses are over 100 years old, and affect our sense of community in my neighborhood.

Where can I access a copy of this report? I see reference on the city's website to transportation plans, and must be overlooking this report.

Thank you for your assistance.
