**Subject:** rezoning of Platt Rd. property north of Lorraine

Hello,

I am strongly opposed to rezoning the 3451-3457 Platt Rd. property for multiple family residences. I am sick of all the development I see around this city. Ann Arbor's population is already far too large, and any new housing will just make things worse. Ann Arbor should declare itself a zero-growth city with a zero-growth economy (otherwise known as a steady-state economy). Otherwise the city is doomed. Screw the developers and their supporters in government.

Sincerely,

Bill
