Subject: AA Saline Rd access to Lambeth/Lansdowne

I reside on Ascot and do not want a high density development to have access to our residential street. The property was not originally zoned for this purpose, it was for a court as all other courts in the subdivision; the safety concerns far outweigh the condo owners convenience.

If the developer truly wants this for emergency access only, then **only** those vehicles should have the ability to use it. It could be then a grass/block area for emergency vehicles only, not a paved road.

I wonder how the residents of the proposed complex would feel if the residents of Lansdowne were also given the ability to travel through their property.

Thank you,
Chuck & Jean Wilkins
