### V OLD BUSINESS

#### A. Meter Replacement Project Update

- Over 95% complete; remaining meters are being replaced by public works technicians.
- Currently focusing on the large meter replacements and U of M. Remaining small meter replacements are on hold, staff is accommodating replacements based on request.
- There are 150 property owners that are currently paying a \$50.00 surcharge per billing cycle since they have been non-responsive to requests to replace their water meter. Next steps include water shut-off notices for approved locations.

#### B. Service Line Inventory & Replacement Update

<https://a2-mi.maps.arcgis.com/apps/dashboards/eebadbc25ef04880b0b5cebfd1ba09e7>

- Complete Distribution Systems Material Inventory (CDSMI) is due to EGLE on October 16, 2024.
- Noted to include these results in the water newsletter.
- 163 locations need to have the materials verified from the curb box to the home.
- There is some overlap on these locations and the meter replacement locations. Targeted time frame for additional outreach would be late Summer/Fall 2024.
- New contractor started this spring. Each replacement is about \$10,000.
- Currently on track to have all replacements completed by 2030. In all there have been 425 replacements since the program began.

C. Updates on Federal Guidelines (EPA)

<https://www.epa.gov/ground-water-and-drinking-water/proposed-lead-and-copper-rule-improvements>

- EPA anticipates finalizing the proposed LCRI items outlined in the November 30, 2023, EPA announcement prior to October 16, 2024.
- EPA is also working on issues around PFAs and micro-plastics in the water supply, though these topics are not part of the council's mandates.

D. Updates from Statewide Drinking Water Advisory Council

<https://www.michigan.gov/egle/about/groups/statewide-drinking-water-advisory-council>

- Reviewed the April 2024 SDWAC Newsletter. See link in the notes below.
- Points to highlight include educational materials can be found at [Michigan.gov/KnowYourWater](https://Michigan.gov/KnowYourWater)
- A2 has utilized parts of the toolkit for LCR webpage and plans on using relevant collateral for upcoming communications/newsletter.
- Paul Matthews, the city's Public Works Manager, will be presenting to SDWAC on A2's materials inventory & replacement program at their next meeting on June 12, 2024.
