Jon,

The information we have remains that completion will be on Friday, Dec. 20. If that changes, we will make sure to update the community via the roads page and through our road and lane closures email update.

Thank you.

Robert

Good morning, Robert. Thank you so much for following up on this last week.

Can you please confirm if the work on Liberty Road remains on schedule to be completed by this Friday?

Thank you again.

Jon

Jon,

Thank you for reaching out to us about the Liberty Road closure. Like you, city staff has been eagerly awaiting completion of this project and met with DTE last month to modify the closure permit so that one lane in each direction, using a signal, would be open.

The current information we have is that the project will conclude by Friday, Dec. 20, also noted on our [road and lane closures page](#). We hope this schedule remains, however if there is any change we will make sure to update the information on our roads page and let the community know.

Thank you.

Robert

Good afternoon,

Can you please let me know when Liberty Road will reopen in both directions over I-94?

We drive on the overpass every day, and we have not been seeing work crews onsite at all lately. This process is taking far too long, with no clear date of conclusion. Please advise us when crews will resume work.

Thank you,

Jon Morosi
