Dear Chair and Commissioners:

RE: SP25-0022 Greenhills School Expansion

As discussed during the Commission Meeting last night, I am providing pictures of today's parking environment resulting from Greenhills Schools' over-enrollment and lack of parking facilities. Please note that the last day for senior students was May 1; so there are about 90 fewer cars today.

Image 1862 shows the sign posted by Greenhills employees to stop students and parents from parking in EVHA cul-de-sacs, which helps, but it does not prevent cars from blocking the cul-de-sacs.

Image 1885 shows the backup on Earhart Road, with cars lining up to enter Greenhills Drive.

Image 1886 also shows the backup from Earhart Road, with cars lining up to enter Greenhills Drive.

Image 1887 shows the double line-up of cars on Greenhills Drive during drop-off and pick-up, and the dangerous cross traffic for the student looking for their parent driver.

Thank you for your time, service, and consideration.

Sincerely,
Rita Ross
