Dear Colleagues,

It is with a heavy heart that I inform you that I need to step down from Planning Commission for personal reasons. My 20 and 18 year old sons were in a high speed car accident on M14 late last week—one walked away, and the other has fractured his spine and is requiring a lot of support and care. He is home from the hospital now and the doctors say it will likely be a full recovery, but it will be several months of intense rehabilitation. He is in a big, rigid brace that he wears 24/7 and is receiving home health care from professionals as well as his family to make it through the day. I need to focus on the health of my son right now and pare down the rest of my life to make room for his recuperation and to keep his spirits up.

I will not miss the late nights, but will miss the meaningful work with you all that helps to shape the future of our community. I know you will continue to carry that forward!

With respect,

Shannan
