Speaking of pickleball (PB) courts, why were the pb lines removed from the one Hunt Park court? These PB lines were **ORIGINALLY** painted by the City of Ann Arbor as shown in a Google maps 2022 drone picture. These lines have now been painted over and there is now a brand new shiny sign stating "tennis only". How much time, effort and money was spent on this petty endeavor? According to Josh Landefeld, the Parks and Rec Service manager, they should "never have been installed at Hunt Park. Staff are very aware of the desire for more courts" but instead they are removing existing PB lines. He also stated that one neighbor complained. **ONE!** after 2 years of these lines being there, one complaint. Something is wrong here. How does one person have such leverage? This is a community park, not an elite tennis club. I challenge all of you to visit Hunt Park on Daniel Street and observe where this **ONE** court is located. Shame on you all for wasting our tax money and allowing this.

## Agenda Item: eComments for DC-2 24-1667 Resolution for County Millage Rebate Use

On behalf of the Shelter Association of Washtenaw County, I would like to formally voice our support for the current Resolution for County Millage Rebate Use, which is on the October 7th City Council meeting agenda as Item DC-2.

The Shelter supports the allocation of the millage rebate funding towards supportive services in affordable housing because this annual investment is critical to maintaining high-quality, affordable and supportive housing. Without these funds, over 650 households would not receive the critical supportive services they need to permanently maintain their housing and thrive in our community.

We urge you to pass this resolution.

Thank you,

Dan Kelly, MSW  
Shelter Association of Washtenaw County  
Executive Director

As a resident of Ann Arbor since 1993 and a member of the Ann Arbor Housing Commission (AAHC) for nearly 5 years, I would like to formally voice my support for the current Resolution for County Millage Rebate Use, which is on the October 7th City Council meeting agenda as Item DC-2. It is important to know that it would cost the AAHC/City 3 – 5 times more to hire City staff to do this work. City staff salaries and benefits are more expensive, non-profits raise funds and leverage additional resources, and utilize volunteers. The AAHC does not have sufficient rent revenue or HUD funds to hire additional staff to do the work our nonprofits do.
