152	10-plus miles of well-designed singletrack.	7/13/2021 11:33 PM
153	Variety, but big features and jumps to practice on are very rare in SE Michigan.	7/13/2021 11:25 PM
154	Table tops, doubles, drops, flow, step down	7/13/2021 10:16 PM
155	I like step up jumps a lot.	7/13/2021 9:25 PM
156	Progressive dirt jump lines. Preferably doubles that are rollable but well pronounced. Hips, step ups, stepdowns, rhythms, and drops. In a progressive manner, it is very cultivating of the mountain bike skill. Allows people from all levels of skill to propagate new technique and build confidence	7/13/2021 9:11 PM
157	Number of trails, miles of trail, quality and difficulty of trails (We like difficult, we don't want paved trails). Ease of navigation/maps/signage.	7/13/2021 8:54 PM
158	Will bike almost anywhere safe	7/13/2021 8:44 PM
159	Jumps, wooden features, nice atmosphere	7/13/2021 8:30 PM
160	skate park, paved areas, dirt jumps	7/13/2021 5:34 PM
161	Variety of features, options for beginner to advanced riders, open layout for spacing and social distancing	7/13/2021 3:42 PM
162	Good range of skill level for young to old.	7/13/2021 3:18 PM

166	Beginner stuff for my son.	7/13/2021 12:46 PM
167	Jumps, tech downhill, flow, pumps, berms	7/13/2021 12:29 PM
168	Dirt, asphalt, cement and jumps!	7/13/2021 12:26 PM
169	Jumps	7/13/2021 12:26 PM
170	Jumps! Cool stuff. Good people around, safe environment. Community.	7/13/2021 11:22 AM
171	Flow trails like DTE that are fun for the whole family. Also I love to go to Hines Drive and use their pump track. I would LOVE for Ann Arbor to build a paved pump track.	7/13/2021 11:22 AM
172	Table tops and bigger jumps to improve skills	7/13/2021 11:15 AM
173	Something for all levels of bike riders to have fun	7/13/2021 11:13 AM

180	Jumps and technical features such as skinnier and drops	7/13/2021 10:01 AM
181	If it's fun	7/11/2021 1:53 PM
182	Variety of terrain and quality of trails. Also distance to travel	7/10/2021 4:52 PM
183	Fun jumps, interesting / unique landscaping (relative to other parks), good linear progression of features	7/10/2021 2:44 PM
184	Quality of trails, jumps, and riding area--how well maintained and functioning. We go to ride where it is a fun, well-maintained riding area with great features--mainly fun jumps, berms, hills, and obstacles. The more features the better! Next, it helps when there is proper signage present and adequate information online. Then, it helps a ton if there are restrooms and a water source nearby. Parking is also helpful. Thank you for asking!	6/25/2021 11:12 AM

17	I enjoy biking on natural surface single track trails. It is an excellent outdoor activity and keeps biking and car traffic separate. I really appreciate the trails in the city parks listed above. There is however, a lot of potential that is not being taken advantage of in most of the parks with the terrain that is available. A good assessment could result in some fantastic improvements in the trails that are currently in place. These are mostly a hodgepodge that can be strung together for a good ride. Truly a lot of fun the way they are, but could be improved and is really an untapped resource for the City of Ann Arbor.	7/22/2021 11:35 PM
18	More kid stuff and signage	7/22/2021 5:35 PM
19	The clinics would be awesome!	7/22/2021 4:28 PM
20	Better signs	7/22/2021 2:46 PM

25	I like the new signage at DTE about being polite on trail (I think one says "Nobody cares about your strava"). I think I am pretty safe, and I ride a lot. But I often encounter other riders who are not following trail regulations/behaving recklessly.	7/21/2021 3:35 PM
26	A community supportive of novices and people from marginalized identities	7/21/2021 2:45 PM
27	Better/safer trails. I mostly ride distance for fun, so things like Lakelands and B2B are what I largely prefer. I enjoy Olsen also as it is about at my level.	7/21/2021 2:13 PM
28	Cycle every day for work and weekends for fun.	7/21/2021 12:03 PM
29	Protected bike lanes	7/21/2021 12:02 PM
30	More car-free spaces!	7/21/2021 10:48 AM
31	Safety clinic for kids!	7/20/2021 10:11 PM
32	A source of water for the jumps	7/20/2021 3:36 PM
33	A bike park designed to help kids practice a greater variety of skills. Our son has mastered the easier hills at Bandemer, which means that we hardly ever go anymore, because we don't want him to hurt himself trying to progress on the enormous third row of hills that he's not ready for. But we live close to Bandemer, and we are obsessed with biking. If there were a park with more variety, we would go ALL THE TIME!	7/18/2021 7:17 AM
34	More parks to ride at	7/17/2021 8:18 PM
35	A well maintained and accessible park like bandemer	7/17/2021 10:24 AM
36	Better training for drivers to be aware of the laws for cyclists (sometimes Ann Arbor drivers have yelled out their windows at me to bike on the sidewalk... when I am biking in the bike lane or in a shared lane..." I also love having access to public tire pumps around town.	7/16/2021 11:52 AM
37	A way to cross north main between the bluffs and bandemer would be awesome	7/15/2021 2:49 PM
38	Pedestrian crossing over north main between bandemer and bluffs entrance	7/15/2021 11:14 AM
39	Wider side of the road for bikes. Separate bike lanes.	7/15/2021 9:11 AM
40	Better infrastructure to get places without driving. Bigger and badder stuff to ride.	7/15/2021 9:06 AM
41	Youtube videos	7/15/2021 6:34 AM
42	More + connected bike lanes to access. A tunnel from HRD to the B2B trail.	7/15/2021 5:30 AM
43	A good trail.	7/14/2021 11:53 PM

47	An E-Bike	7/14/2021 7:01 PM
48	Posting of trail conditions, clinics	7/14/2021 6:18 PM
49	Better signage and maps	7/14/2021 5:35 PM
50	Connected trail ways to get meaningful places are great, physical barriers like on our new bike highway would absolutely help we also have a big problem with plants growing at crosswalks that keep you from safely using the crosswalk, for example the crosswalk in the parking lot of bandemere has a giant shrub that keeps you from making sure the road is clear before you step into it. It's only really bad in summer but seems like an easy fix remove the giant shrubs and plant lower ground over type plants	7/14/2021 4:20 PM
51	In Ann Arbor specifically there is no signage/guidance for the local loop currently. It'd be made much safer & easier if signs were put in & the trails were reworked a little to better accommodate MTBers.	7/14/2021 4:14 PM
52	better weather, stricter rule enforcement	7/14/2021 4:10 PM

54	I would love a place to practice drops.	7/14/2021 12:49 PM
55	I would cycle more if there were big jumps that I could hit and work up to, and big drops.	7/14/2021 10:44 AM
56	Repair the local roads which create unsafe biking conditions	7/14/2021 10:19 AM
57	I feel like a dirt jump park is good, but we need a skills development park with table tops, small jumps and small drops all in succession so people can actually learn. IMO Bandemer is great for the typical guy who has no fear, but for myself and my 10yo daughter, we just aren't going to go there. It's too advanced and specific. We like pump tracks and skills parks you can find in other cities. My husband goes to Bandemer a few times a year, but he would rather have a nice pump track/skills area also. Something more inclusive. But it's great if you are going to improve what's there for the people who go there!	7/14/2021 10:19 AM
58	Protected bike lanes and excess speed enforcement on roadways	7/14/2021 10:08 AM
59	More progressive learning places. Parks with different size tabletop jumps and drops to learn and progress on.	7/14/2021 9:35 AM
60	Map the 'Ann Arbor MTB trail' and place signage so new riders can comfortably navigate the route. More people should be aware of this loop.	7/14/2021 9:09 AM
61	Opportunity to develop skills-pump track, small jumps, rollers, table tops, etc.	7/14/2021 8:52 AM
62	More singletrack infrastructure	7/14/2021 8:37 AM
63	Having a greater diversity of places to ride locally. I currently travel to ride quite a bit.	7/14/2021 8:16 AM
64	Bike reg.	7/14/2021 8:12 AM
65	Expand B2B to Dexter	7/14/2021 7:40 AM
66	Additional places around Ann Arbor for BMX/MTB riding and removal of the barrier on Barton Drive eastbound at the pontiac trail intersection.	7/14/2021 7:06 AM

68	Maintenance on top of bunny hopping and wheelies.	7/14/2021 12:48 AM
69	More people	7/13/2021 11:53 PM
70	More well-designed, well-maintained singletrack in/near A2. Let me know how I might help with this.	7/13/2021 11:33 PM
71	Bigger and better bandemere, with features from beginner to pro level.	7/13/2021 11:25 PM
72	Bigger park	7/13/2021 9:28 PM
73	More trails that have progressive freeride features	7/13/2021 9:25 PM
74	More places to park	7/13/2021 8:44 PM
75	access to Ann Arbor skate park	7/13/2021 5:34 PM
76	More bike trails and pathways, and having small bike parks in several neighborhoods. Ann Arbor has some nice areas, but they are poorly connected and there's room for so much more. Every neighborhood park and school should have a small paved loop and a pump track to teach basic skills for on- and off-road riding. Pump tracks are great for all ages and abilities.	7/13/2021 3:42 PM
77	More trails, features, and progression options	7/13/2021 1:27 PM

1	Maintain the bike park	8/29/2021 11:13 AM
2	This is a special place and unique to Ann Arbor, investing a little into the space, and offering other features at other A2 parks would be a wonderful gift to the city	8/29/2021 11:09 AM
3	Changes (in the last few days) to the Bandemer Park dirt jumps have made it impossible for me to take my grandchildren to the jumps park. The jumps have become too difficult for them (6 years old) and me (on a gravel bike). Please make a few easier bumps for us to ride. Thanks	8/18/2021 9:07 PM
4	A2 is awesome for offroad cycling, our local loop is truly special, much appreciated	8/14/2021 4:27 PM
5	I think initiatives like this are key for fostering community engagement and relationships!	8/13/2021 11:13 AM
6	Paved pump track like the one at Hines would be fantastic in Ann Arbor	7/27/2021 4:05 AM
7	The dirt jump park would be more usable and accessible if there was a pump track instead of jumps	7/24/2021 6:11 PM
8	Bikes are cool ...keep being Awesome!	7/24/2021 10:03 AM
9	Larger dirt jumping park and even a BMX track would be great	7/23/2021 8:33 PM
10	How does the city cover an injury of a youth while attempting the features??	7/23/2021 12:25 PM
11	Just learned about this course at Bandemere. Very excited to see it improved and built up. This is an amazing public access space that will draw even larger crowds as it is enlarged and improved. Thanks for the great work providing a space for bmx and dirt bikes!	7/23/2021 12:23 PM
12	I would like to see more support for mountain biking in general in the city parks. Mountain biking is a very popular sport, but it feels like we are sort of an unwanted child. I am happy to see the efforts and city involvement lately at Bandemere Park Dirt Jumps and hope some of that support spills over to the mountain bike community in general.	7/22/2021 11:35 PM
13	Please don't take away this bike park. Our kids would be devastated.	7/22/2021 5:35 PM
14	I don't use dirt bike trails. I wish the city would do more to fix the roads to biking in town is safer in general.	7/22/2021 3:04 PM
15	Thanks for asking. And we have no one under 18 years old	7/22/2021 2:46 PM
16	Bandemer is a surprise, love it! My kid learned to get some air there and was able to build bike confidence, and have fun with teammates. Thank you!	7/22/2021 11:16 AM
17	I'm a mountain biker. Never been sure whether the Bandemer dirt was intended for BMX and/or whether I'd be allowed on it. I very much want a safe place to learn more about jumping and bike handling. Is this the spot?	7/22/2021 9:59 AM
18	A place for kids and adults.	7/22/2021 7:44 AM

19	Thanks for putting this together. We are working on getting some skillz portions put in by the County at Sharon Mills.	7/21/2021 9:56 PM
20	Having a kid changed everything. I was an avid MTBer confident on expert trails in the Sierra's. Now I look for opportunities for a 10-year-old that include flow, reasonable climbs and descents, and "beginner level" fun with some "choose your own adventure" options to navigate features.	7/21/2021 5:53 PM
21	Clinics sound like a great idea! I would love to take a couple classes to build my confidence and learn new skills. I would be more likely to participate in an all-female identifying clinic, particularly if the instructor was also a person who identifies as a woman.	7/21/2021 3:35 PM
22	Survey has some errors (e.g. unable to mark all that apply on question #8; could use some skips).	7/21/2021 3:18 PM
23	I really loved last years trial bike lanes over the roadway bridge. I wish it could be made permanent	7/21/2021 12:02 PM
24	If there are volunteer opportunities to help with any of this stuff I would be interested.	7/21/2021 11:57 AM
25	Thanks to all who have organized this. The renderings of the plan look amazing.	7/20/2021 10:32 AM
26	We have been riding at Bandemer park and the A2B trail for 5 years now. We are very happy to see effort and interest into such a great activity for the community.	7/18/2021 6:41 PM
27	Thanks for asking for feedback, and good luck expanding the park!	7/18/2021 7:17 AM
28	The city's support and investment is critical, it won't be cheap. The final design must be evaluated for sustainability (ie require little to no maintenance in the future), folks involved with planning must come up with a 5 and 10 year vision or plan.	7/17/2021 10:40 AM
29	I would live to help this project come to fruition	7/17/2021 10:24 AM
30	Growing up on the west coast I was privileged to watch a burgeoning "extreme sports" community, and was witness to cities and counties investing in skateparks and bike parks that were open to the public. Prior to that, I was also witness to the effects of not having designated spaces to practice/ride/skate, and the result of teens and young adults being subjected to fines, jail time, and loss of property resulting in seeking other ways to spend time, which were not always productive. Investing in a bike park helps the youth, families, and tourists being able to come together, have fun, and pursue activities that benefit health and happiness. We need this.	7/16/2021 8:03 PM
31	How about adding outdoor gym machines to some parks?	7/16/2021 2:49 PM
32	The Bandemer Park dirt bike course is a real hidden gem. Honestly, my kids don't have a clue about real dirt bike riding but they still love going there every once in a while.	7/16/2021 1:56 PM
33	The new bike lanes (William St, etc) in the city are fabulous! Thanks!	7/16/2021 11:52 AM
34	Please fix all of the vandalism in and around Ann Arbor parks. This includes vandalism on the bench near the bike course, vandalism on signs, electric boxes, benches, tables, bridges, trees, the ground, and posts in nearby parks like Bandemer, Barton Nature Area, and Bird Hills. There are harassing messages which have included vulgar language, hate speech, lies, advocating violence, inappropriate imagery, etc.	7/15/2021 2:58 PM
35	I live biking	7/15/2021 11:27 AM
36	All the choices for cycling skills clinics sound good, I would bring my kids to any of those listed although the format only let me pick one	7/15/2021 11:14 AM
37	Bandamer is cool I wish it was bigger ;)	7/15/2021 9:06 AM
38	Thanks to the volunteers for improving this park. We will get there soon	7/15/2021 6:34 AM
39	We started biking as a family last year and really appreciate the infrastructure Ann Arbor offers!	7/15/2021 5:30 AM
40	Thanks for all you do!	7/14/2021 9:10 PM
41	Hi! I was shown the AA "local loop" by some friends 2 months ago & have since been back on average once every 7-10 days. I recently took my girlfriend & she absolutely loved it. Then I	7/14/2021 4:14 PM

took two other friends & showed them the next time & they said it was their favorite ride so far this year! And that's without many features/berms/trailwork outside of Bandemer/Tueb. Ann Arbor has the potential to actually be a destination mountain bike location, on top of everything else already there. There's so many unique ecosystems present & changes that it keeps the ride fresh & you never feel bored. Continued clinics & work days at different trails could really lead to increased awareness & better trails. Thanks!

42	Cannabis should not be allowed on bike trails.	7/14/2021 4:10 PM
43	Garret Potter's Jump Clinic was a great eye opener to so much more than just jumping. Design, building, and proper techniques for bike control were all brought out.	7/14/2021 3:45 PM
44	More MTB Trail's.	7/14/2021 2:44 PM
45	I love the bandemer park and would love to see it expand! It is a great place to learn for beginners and hone skills for more advanced riders. More more more!!!	7/14/2021 12:51 PM
46	This would be great to have and would get a lot of use.	7/14/2021 12:49 PM
47	Do not live in A2 area, but there often and I bring my bike.	7/14/2021 12:13 PM
48	Is there an email list to stay up to date? I'm not sure which organization is the best to follow.	7/14/2021 11:13 AM
49	I just want big jumps, and steep gnarly tech, otherwise I wouldn't recommend Michigan trails. They're too boring. While there isn't a lot of elevation available in SE MI, there is enough room for way bigger stuff than is currently available. It could never be as long as Killington, but there is much room for improvement.	7/14/2021 10:44 AM
50	Thank you for investing in this recreational activity! There are many of us who would love to help and use new features. Many others will follow once they try. It's so fun and great for kids and building community.	7/14/2021 10:08 AM
51	I think taking a look at what Bentonville, AR and the surrounding areas are doing can provide some great ideas while showcasing the power that bike parks have on the local economy.	7/14/2021 9:35 AM
52	Please continue to improve and create new dirt singletrack trails for cyclists to enjoy. Looking at Bentonville AR, well maintained and marked trails bring in an unprecedented amount of tourism dollars.	7/14/2021 9:09 AM
53	This is great that the city and the committee are working to improve opportunities to bike beyond just riding slowly in bike lanes! Get kids hooked for life on riding for sport.	7/14/2021 8:52 AM
54	Gave up biking on roads 40 years ago	7/14/2021 8:45 AM
55	I'd really like to see Ann Arbor put in a nice bike park with a really good pump track.	7/14/2021 8:16 AM
56	Ann arbor ☐	7/14/2021 8:12 AM
57	The easy access to mountain bike trails played a large factor in purchasing a house on Ann Arbor's northside, and I'm excited to help build more stuff	7/14/2021 7:06 AM
58	Awesome sport and is for all ages we love it!	7/14/2021 6:28 AM
59	I don't use dirt bike courses but I support them fully! I bike on dedicated bike lanes downtown and wide trails.	7/14/2021 1:21 AM
60	Bandemere is unique in SE Michigan in being a place to learn and practice skills that get used on other trails. It's one of the few places you can safely practice a jump over and over again, or even something as simple as practice a manual over a small roller. It's fantastic that it's being revitalized, and it's really a gem.	7/13/2021 11:25 PM
61	Ann Arbor has a real opportunity to become the center of SE MI mountain biking and natural surface trails. There are over 200 miles of trails within 40minutes of Ann Arbor. There are over 20 miles of trails (multi use) right from downtown. Literally one can ride into cedar bend or bluffs less than a mile from downtown and do from a 1-20 mile ride, very few cities can claim mountain biking /hiking trails that close to town with high quality and more than a mile long. It's possible to link together multiple trails/parks together, but it is hard to navigate and there could be better connectors between parks. The parks could also use more miles of trails, so it could be a 30 mile ride right from downtown. Huge potential!	7/13/2021 8:54 PM
62	Happy to enjoy Ann Arbor and the trails!	7/13/2021 8:44 PM

63	Ann Arbor skate park is closed to bikes of any kind. Seems odd in this day and age, no reason this resource can't be shared. even if it was one day a week as a trial period. excluding bikes is elitist actions	7/13/2021 5:34 PM
64	More bike trails and pathways, and having small bike parks in several neighborhoods. Ann Arbor has some nice areas, but they are poorly connected and there's room for so much more. Every neighborhood park and school should have a small paved loop and a pump track to teach basic skills for on- and off-road riding. Pump tracks are great for all ages and abilities.	7/13/2021 3:42 PM
65	Expanding the dirt jump area with more features (dirt and wood) would be an excellent addition to the City Park system	7/13/2021 1:27 PM
66	Thanks for supporting cycling. In all forms bicycles are great transportation, recreation and a way to bring people together. Lets make A2 a bicycle town!	7/13/2021 11:22 AM
67	Paved pump track in Ann Arbor would be FANTASTIC!!!	7/13/2021 11:22 AM
68	Thank you I love riding at the park	7/13/2021 10:38 AM
69	um, question #3, why isn't "zero" an option for an answer?	7/13/2021 10:35 AM
70	It would be amazing to use vortex area at Santos as a template for bandamer park wherever possible.	7/13/2021 10:19 AM
71	Work at Local Bike shop. Love riding technical spots in the Ann Arbor area before riding home. Also I have a bike designed for riding skateparks and we can't ride these bikes at the Ann Arbor Skate park sooo.....	7/13/2021 10:16 AM
72	Give us a skid steer	7/11/2021 1:53 PM
