Hello,

Attached is a subaward between the University of Michigan and your organization that is being issued under a Department of Transportation Federal Highway Administration grant, grant number 693JJ32150006, for the purpose of your organization participating in the project entitled, "*Smart Intersections: Paving the Way for a National CAV Deployment.*"

Please review the subaward and confirm your acceptance by having an authorized official sign and return a copy to me for countersignature. For your convenience, attached is a fillable pdf of Attachment 3B to complete with your organization's information. We do not require an original signed copy. An electronic copy is acceptable.

Additionally, please provide a copy of your federally negotiated indirect cost rate agreement. If you do not have a federally negotiated indirect cost rate agreement, you can either elect to use the 10% de minimis rate or elect to negotiate an indirect cost rate agreement with Michigan's Cost Reimbursement Office. Please let me know how you'd like to proceed so that I can connect with the appropriate individuals since we will not be able to execute the subaward until we can confirm a valid indirect cost rate agreement is on file.

Thank you for your cooperation. Feel free to contact me directly if you have any questions or concerns.

Thank you,

Ashley

Ashley K. Tyler (she, her, hers)
