My name is Ravinder Sachdev. I have owned the single family home located at 2630 West Liberty Street, Ann Arbor since 1979. My property is located next to the proposed development. I have the following concerns regarding this development:

1. I am very concerned about the impact of this large development on the privacy of the residents of the single family home immediately next to this development. I am wondering what provisions is the developer of this project making so that the privacy of the next-door residents is not compromised.
2. I am concerned about the new problems this large development will add because making a left turn coming out of the driveway of 2630 West Liberty Street, Ann Arbor is already a challenge most of the time. This problem also exists when trying to turn left in to the driveway of 2630 West Liberty Street, Ann Arbor as the traffic already is pretty heavy on this road most of the day.

Thank you.
