Planning Commission  
[301 E. Huron St.](#)  
[Ann Arbor, MI 48107](#)

Dear Members of the Planning Commission,

While I am not opposed to a considered development on this location, its proximity to our neighborhood and the traffic situation we are facing as a result of this plus the North Sky development ought to be rigorously addressed. I urge the Commission to vote against dorm-style living this far removed from campus.

I am sure you have already heard the opinion of my neighbors, and can see themes emerging. The Trinitas Ventures development, as proposed, fails to adequately address concerns important to me as a resident of the neighborhood. It puts my biking neighbors at risk. To discourage biking while encouraging the use of fossil fuels is a stance that seems at odds with the values I assumed this commission stood for.

Trinitas has not been communicative with our neighborhood organization. Moreover, they have not made any significant changes to their project proposal to better fit with our community.

Please, on our behalf, insist upon changes to the Cottages at Barton Green development.

Sincerely,  
Michael Greenlee
