Subject: TRINITAS Project on Pontiac Trail

Dear Planning Commissioners

My name is Jane Pollock, I live at 549 Skydale Dr. My property that I have owned for 26 years is approximately 70 feet from this planned TRANSIENT 700+ student housing debacle.

I am hoping that you will be good stewards of our community, having listened to our concerns at the past two meetings and reject this inappropriate project.

Trinitas knows that this project is not a good fit for our community on this end of town, 3+ miles from the edge of campus, in the heart of families, retirees, young professionals, still working older singles and many students. That is not a concern to them. Ann Arbor is a wonderful city and we depend on you to make thoughtful decisions about what is the right fit for our continually expanding Ann Arbor family.

There is no need to reiterate all our talking points since you have heard them already.

I will say a final word on traffic and the huge safety issue that is upon this area of town. There is a school nearby that children walk and ride their bikes to. We have many bikers on this end of town. Young students from this project will no doubt drive to campus. It is a dangerous mix.

Please be mindful of all of us that live in this area when you make your decision.

Thank you.

Jane Pollock
