Subject: today's meeting

What we'd like to have in October:

1. Design as per nachto standards per policy
2. Hear from staff from as to what is happening with traffic calming
 - a. Purpose of the standards for qualification for traffic calming
3. What percent of vehicles are travelling over 25mph on residential streets – page 6 – that applied for traffic calming.
4. Benchmarking traffic calming methodology – look at what percentages and thresholds some other communities use
5. What are we going to recommend to the larger TC – perhaps looking at specific collector and arterial streets

Other things:

Who is the bike/ped coordinator for the city?
