Members of the Board of Appeals

City of Ann Arbor

Dear Member,

My neighbors Maria Castro and Pedro Lowenstein intend to rebuild their garage at 1921 Cambridge Rd.. Their plans require a variance to build beyond the current front setback of their property, and I am writing in support of the city granting them such a variance. I live ~~on the same street as them, at~~ 3001 GEDDES AVE ~~Cambridge Road~~, and see no reason to oppose their request for this variance so that they can build a slightly larger garage to fit 2 cars.

Please feel free to contact me should you have further questions.

Best regards,

GABRIEL CORRAS
