Re: 1101 S. University DRB Application DR17-002

Dear Ms. Dileo,

This letter serves as South University - North, LLC's support for S. University Properties DRB Application DR17-002. As the developers of The Collegian North project at 1107 S. University, we have been and continue to work with S. University Properties on the successful redevelopment of both our properties. This includes agreements on various easements that will allow SUP to access their elevator from our lobby and for the encroachment of the cornice at their roof over our property line.

Should you have any further questions please let me know.

Sincerely,

A handwritten signature in blue ink, appearing to read "Sean T. Havera", is written over a blue horizontal line.

Sean T. Havera
VP of Construction
South University - North, LLC
