Dear People:

I am a resident of West Michigan and am writing to ask that you honor the opinions of your constituents who have expressed that they are not in favor of the plan to kill deer in Ann Arbor. Please have compassion on these animals. They are not posing any danger to humans. There is no good reason to kill them.

Sincerely,  
Gina Moore

**Subject:** Deer

I ask that as elected officials, you follow the wishes of your constituents (as the poll of 1,000 Ann Arbor residents show that 98% of them are against your decision) and pursue non-lethal solutions rather than slaughtering 100 helpless, innocent deer.

Thank you.

Sincerely,

Mark Gillono

**Cc:** Fales, Mary Joan; Postema, Stephen; Powers, Steve; Beaudry, Jacqueline  
**Subject:** Deer Feeding Ordinance

Dear Friends,

I will be amending the ordinance to further clarify that bird feeding is not restricted and to also address the concern about domestic pet food . The attached copy shows the proposed amendment language highlighted in red. I have received confirmation from City Attny. Fales that this is not a substantial change and the ordinance does not need to go back to first reading.

Let me know if you have any Q's/ concerns, and thanks very much for your assistance, Mary Joan.

Thanks! Jane

AN ORDINANCE TO AMEND THE CODE OF THE CITY OF ANN ARBOR BY ADDING NEW SECTIONS, WHICH NEW SECTION SHALL BE DESIGNATED AS SECTIONS 9:54 OF CHAPTER 107 (ANIMALS) OF TITLE IX OF SAID CODE.

The City of Ann Arbor Ordains:

Section 1. That new Section 9:54, Deer Feeding, be added to Chapter 107 of Title IX of the Code of the City of Ann to read as follows:

9:54. Deer Feeding Prohibition.

(1) Purpose and Findings.

The purpose of this artificial feeding ban is to eliminate deer attractions which, when combined with other management strategies, should reduce, over time, the depredation impacts on residents, as well as assure the safety of the traveling public on City streets.

The City Council finds:

- (a) Recreational feeding of deer often causes deer concentrations which develop into depredation and other public safety problems;
- (b) Depredation of garden crops and landscaping plants is increasing as deer habitat decreases and deer populations increase within particular areas and neighborhoods in the City;
- (c) High deer populations can result in increased car/deer crashes within the community, causing public safety concerns.

(2) Acts Prohibited.

No person may place or permit to be placed on the ground, or less than five feet (5') above the ground surface any grain, fodder, salt licks, fruit, vegetables, nuts, hay or other edible materials ~~(including feed for birds)~~ which may reasonably be expected to result in deer feeding, unless such items are screened or protected in a manner that prevents deer from feeding on them. Living fruit trees and other live vegetation shall not be considered as deer feeding.

(3) Exceptions.

This prohibition shall not apply to:

- (a) Veterinarians, city/county animal control officers, parks maintenance staff, or county, state or federal game officials who are in the course of their duties, have deer in custody or under their management.
- (b) Persons authorized by the City of Ann Arbor to implement the Deer Management Program approved by the City Council; or

**Sent:** Tuesday, September 08, 2015 9:04 PM  
**To:** CityCouncil  
**Subject:** Main on Madison proposal

Dear Mayor and Members of City Council,

As a long-time homeowner living on Third Street, I have grave concerns about the Main on Madison proposal. We look to you to establish thoughtful and reasonable guidelines for the new growth in the city. The Main on Madison project attempts to squeeze a large project into a small spot. It will create excessive traffic, unwelcome congestion, and will damage the property value of the existing homes in our lovely neighborhood.

Please let well enough alone. The apartment development that was built next door will meet all of our area needs for new housing. Having another project will overdevelop the area and bring nothing but grief to all involved.

Jane Pollock  
541 Third Street

**Subject:** Deer Kill

I am writing to express my disappointment and embarrassment with the decision of A2 city officials to fund an unnecessary and cruel deer kill.

There is ample data from other communities and scientific support for the use of other measure to control the deer population. There are many humane approaches we can try, including avoiding human actions that inadvertently create conflicts with wildlife. Let's see how humane approaches (like feeding bans) work before we start shooting! A deer kill should be the last resort if public safety and health are at risk, which is certainly not the case at this time. Be assured I will NEVER vote for anyone on city council who voted in favor of this ill-conceived plan. This kill plan is not only inhumane, but the shoot itself is a great danger to human residents.

this is NOT the type of action taken by "Compassionate Community" You can pass all the resolutions you want, but you're not kidding anyone. this plan is a mistake and it's not too late to correct it. Please reconsider this action.

Ellen Dobrusin
