City Council -

As a lifelong resident of Ann Arbor, I am very concerned and disappointed with proposed changes to the Comprehensive Land Use Plan. I am absolutely opposed to the idea of a single residential zone and expanding commercial uses in residential zones. Putting a development like Lockwood in the middle of any Ann Arbor neighborhood is a horrible idea - what are you thinking? I support the idea and location of a development like The George.

I support higher density housing especially when it's not built for students or rich retirees.

If this passes, I will vote for anybody EXCEPT the current office holders.
