

Administrator's Report

CITY OF ANN ARBOR

The city's mission is to deliver exceptional services that sustain and enhance a vibrant, safe and diverse community.

City Administrator's Report April 20, 2026, prepared for City Council. Kindly forward questions, comments, or suggestions for input to mdohoney@a2gov.org, mwalton@a2gov.org, or shiqqins@a2gov.org.

SAFETY NOTES

Safety Update *Emergency Alerts*

How can residents ensure they are getting emergency alerts?

All Ann Arbor residents should do two things to ensure they're getting timely emergency alerts on their cell phones: sign up for A2 Emergency Alerts and ensure they have are opted into Wireless Emergency Alerts.

Here are more details on Ann Arbor's emergency warning tools.

Stay informed, stay safe — Ann Arbor alerts explained:

A2 emergency alerts (opt-in)

Sign up to receive informational and lower-threat alerts, such as snow emergency parking bans.

- Delivered by text, email, or phone
- Can be targeted to specific areas of the city
- Sign up: a2gov.org/alerts

Wireless emergency alerts (automatic)

Sent to all compatible cell phones in an affected area — no signup required.

- Used for urgent, life-threatening emergencies
- Examples: tornado warnings, severe storms, hazardous material incidents
- Issued by the National Weather Service and Washtenaw County Sheriff's Office
- Include clear instructions with distinctive tones and vibrations

Outdoor warning sirens

Sirens are designed to get your attention when you're outside. They are brief. They do not sound for the duration of the threat.

- When you hear a siren, go indoors immediately
- Then check radio, TV, or other news sources for more information
- From March through October, the sirens are tested the second Tuesday of the month at 1 p.m. with a one-minute wail.

Thank you for making **A2 safe!**

SUSTAINABILITY & INNOVATIONS

Sustainability & Innovations Corner Catch up on the latest information submitted from the Ann Arbor Office of Sustainability and Innovations (OSI). For further details, including registration links, visit [OSI online](#).

- **Happy Earth Month!** We've got a calendar full of upcoming events, and lots of ways that you can take action and advance sustainability. Below are just some of the highlights, but you can see all events in the [April edition of our newsletter, the Charging Station](#).
- **A2 Climate Teach-In, April 25, Mitchell Elementary School.** Returning for its fourth year, this year's annual Climate Teach-In will be Saturday, April 25. This free event provides residents the opportunity to learn not only from local sustainability leaders but other community members as they create and innovate climate solutions. Register now at a2cliamteteachin.com.
- **2026 Sustainability Forum: Celebrating the A²ZERO Community Cookbook, April 28, 6 PM, Ann Arbor District Library Downtown Branch.** Join OSI and members of the local food community for the 4th session of the 2026 Sustainability Forums to celebrate the recent release of the A²ZERO Community Cookbook! Hear from City staff, local food leaders, and contributors of the cookbook about how building community through food makes Ann Arbor a more sustainable and resilient City.
- **Expanded Lawn Care Rebates:** This program will allow residents and businesses to trade in gas yard care equipment and receive a rebate for electric or manual equipment of the same type. The rebate amount will be up to 100% of the cost of a new piece of manual equipment or up to 50% of the cost of a new piece of electric equipment. Learn more and apply at osi.a2gov.org/rebates.
- **Save the Date: A²ZERO Week.** Celebrate the sixth anniversary of the A²ZERO Plan with a week – May 31-June 6 – of events, resources, action, and fun. Learn more about last year's A²ZERO Week to get a taste for this year's at osi.a2gov.org/a2zeroweek.
- **Progress on solar and electrical upgrades at City Facilities:** Solar at Bicentennial Park is on track for May, and transformer/electrical upgrades are in progress at Fire Station 3, which will allow for the interconnection of solar at the station and provide critical upgrades.
- **Home Energy Rating Disclosure Free Assessments:** A new online portal for residents needing a free Home Energy Score Assessment in compliance with the Home Energy Rating Disclosure (HERD) Ordinance debuted this week. Residents can now select the exact date and time that best meets their schedules for a free assessment at the time of their request. Learn more about HERD at osi.a2gov.org/herd.

PREVIEWS

April 20 Council Meeting will feature the following items of interest:

Consent Agenda (14). There are 14 items on the consent agenda.

Public Hearings (1). Public Hearing is listed under Second Reading.

Ordinances – Second Reading (1).

- A Public Hearing and Ordinance to Amend Sections 1:152, 1:154, 1:156, 1:158, 1:159 and 1:160 of Chapter 7 (Downtown Development Authority) of Title I of the Code of the City of Ann Arbor (ORD-26-05)

Ordinances – First Reading (3).

- An Ordinance to Amend Section 2:63 of Chapter 29 (Water Rates) of Title II of the Code of the City of Ann Arbor
- An Ordinance to Amend Section 2:69 of Chapter 29 (Stormwater Rates) of Title II of the Code of the City of Ann Arbor
- An Ordinance to Amend Section 2:64 of Chapter 29 (Sewer Rates) of Title II of the Code of the City of Ann Arbor

OTHER

Gov. Gretchen Whitmer on Friday, April 17, declared a state of emergency for Ann Arbor, allowing the city to seek financial assistance to help cover emergency response costs and repair damaged public infrastructure. More information is available via <https://www.a2gov.org/news/posts/gov-whitmer-declares-state-of-emergency-for-ann-arbor/>.

City of Ann Arbor emergency debris removal to begin Monday, April 20. The City of Ann Arbor will conduct emergency debris removal in the areas of the city hardest hit by the April 15 tornado.

As fallen trees were removed from streets, sidewalks, bike lanes and utilities corridors, debris was left behind so crews could focus on opening more public rights-of-way.

Beginning Monday morning, April 20, crews will return to clean up what was left behind or remains in the public rights-of-way.

The city has [identified streets](#) (PDF) where crews will drive block by block to remove the debris. These streets are where city crews have been the busiest and the National Weather Service identified the tornado's path and related damage.

Residents outside of the targeted response area should use [A2 Fix It](#) to report debris from city trees, including trees in lawn extensions, as they normally would. A2 Fix It is also available as [Apple](#) and [Android](#) apps.

Residents who have yard debris from the trees on their property should follow [regular compost collection guidelines](#) for curbside removal, take their tree debris to the city's compost facility at 4170 Platt Road, or hire a contractor to remove the debris.

Stay Informed as Ann Arbor Plans for Busy Road Construction Season. Ann Arbor's 2026 construction season will be one of the busiest in recent memory. A convergence of long-planned capital improvements, major utility upgrades, transportation investments, and private development will result in a significant volume of work concentrated in and around the downtown core this spring, summer and fall. Downtown Ann Arbor will remain open for business, special events will proceed and parking structures will be accessible.

The 2026 construction schedule is being finalized. In the coming weeks, more detailed timelines and traffic impact information will be shared to help residents, visitors, employers and employees plan accordingly.

Up-to-date road and lane closure information is available at www.a2gov.org/roads. As always, regular email updates about road construction will be sent to "Road and Lane Closure" [subscribers](#).

Ann Arbor City Council approved \$20 million for road repairs and utility improvements this year. The Ann Arbor City Council on March 2 approved roughly \$21.6 million for road, utility and mobility projects across Ann Arbor that will largely be completed in 2026 between April and November. More information about active and future road construction projects is available at <https://www.a2gov.org/engineering/construction-projects/>.

Ann Arbor SEU Invites Residents to Express Interest in Local Renewal Energy. Ann Arbor's Sustainable Energy Utility is soliciting expressions of interest from residents and businesses as the city plans to hook its first customers up to clean, renewable energy later this year.

To encourage people to sign up, the city has released a brief, animated video produced by Ann Arbor's Kohlitz Animation and Production that provides an overview of the Sustainable Energy Utility.

Residents can watch the video and express their interest, commitment-free, at www.A2SEU.com.
