**MOTIONS AND RESOLUTIONS**

R-283-6-06 APPROVED

**RESOLUTION TO APPROVE THE WILLIAM STREET STATION BROWNFIELD PLAN - 4<sup>TH</sup> AND WILLIAM OLD YMCA PROPERTY**

Whereas, The Washtenaw County Board of Commissioners established the Washtenaw County Brownfield Redevelopment Authority (the "WCBRA") and adopted the Brownfield Redevelopment Plan for Washtenaw County (the "Plan"), which facilitates the implementation of plans relating to the identification and treatment of environmentally distressed areas within the County of Washtenaw, pursuant to and in accordance with the provisions of the Brownfield Redevelopment Authority Act, being Act 381 of the Public Acts of the State of Michigan of 1996, as amended (the "Act");

Whereas, The Act requires the explicit consent of each local governmental unit to be included in the Authority Zone, and that the County resolution included a provision that the Proposed Brownfield Redevelopment Zone will include all local governmental units within the County that pass a resolution approving the inclusion of the Brownfield Redevelopment Zone;

Whereas, The City of Ann Arbor Environmental Commission passed a resolution supporting the City's inclusion in the Washtenaw County Brownfield Redevelopment Authority Zone;

Whereas, The Ann Arbor City Council passed Resolution R-35-1-02 to include the City of Ann Arbor in the Washtenaw County Brownfield Redevelopment Authority; and developed the Brownfield Implementation Plan to describe the Brownfield process in the City;

Whereas, The Brownfield Implementation Plan allows for public participation and comment and allows the City of Ann Arbor to use a more restrictive clean up standard for each project based on the Current Part 201 Residential clean up standard and a  $10^{-6}$  risk level for carcinogens;

Whereas, The 4<sup>th</sup> and William (Old YMCA) property was identified as potentially eligible for Brownfield Financial Incentives after a finding that the property contained hazardous materials (asbestos, lead-based paints, and PCB) which would require removal and was determined by the City Assessor to be functionally obsolete because of its size, configuration, and layout of the interior spaces were not conducive to future uses involving reasonably foreseeable commercial or residential uses without renovation that would likely be prohibitive economically;

Whereas, The Ann Arbor City Council created the Brownfield Plan Review Committee ("Committee") (R-557-10-05) for the 4<sup>th</sup> and William (Old YMCA) Site to accept and review applications for the property and negotiate with Washtenaw County and the applicant a Brownfield Project Agreement, Reimbursement Agreement and Project Bond (collectively "Brownfield Plan");

Whereas, The WCBRA Application for the William Street Station Brownfield Plan and Project Application for the former 4<sup>th</sup> and William (Old YMCA) property was presented to Committee by XY, LLC ("Developer");

Whereas, A public presentation of the Plan was conducted by City staff and the Developer on March 15, 2006, which described the environmental contamination, compared the proposed remediation under current Brownfield regulation and Part 201 Residential standards, the proposed Area Plan for the development and assumptions used to generate proposed eligible costs and estimated taxes to be generated;

Whereas, The Environmental Commission has not recommended any contaminants for which clean up standards should be set above current state standards;

Whereas, The Developer has paid the Application Fee for City review of the application;

Whereas, The Committee recommended to and the City Administrator on April 17, 2006, as authorized and directed to by the City Brownfield Implementation Plan, forwarded a letter to the WCBRA to initiate its review process and advising WCBRA that the City, through the Committee, was engaged in formal negotiations with the Developer concerning the Brownfield Plan;

Whereas, It is understood that neither the initiation of the review process by the WCBRA for development of the Brownfield Plan nor the recommendation of the Brownfield Plan to WCBRA by the City is a guarantee that it will be approved by the Washtenaw County Board of Commissions, the MDEQ or that TIF or other financial incentives will be obtained;

Whereas, The City Council held a public hearing on May 15, 2006 to receive public comment on the Brownfield Plan; and

Whereas, The Committee has completed its negotiations with the Developer concerning the Brownfield Plan (attached to this Resolution) and recommends it for action to City Council;

RESOLVED, That City Council approve the William Street Station Brownfield Plan for the former 4<sup>th</sup> and William (Old YMCA) property developed by the Washtenaw County Brownfield Redevelopment Authority;

RESOLVED, That the City Clerk be directed to submit a copy of this Resolution to the Washtenaw County Board of

Commissioners as documentation of the City’s consideration and approval of the Brownfield Plan; and

RESOLVED, That any changes to the Brownfield Plan after the date of this Resolution will require review by the Committee and approval by City Council.

Councilmember Carlberg moved, seconded by Councilmember Johnson, that the resolution be adopted.

On a voice vote, the Mayor declared the motion carried.
