Subject: Planning Commission transition

This message was sent from outside of the City of Ann Arbor. Please do not click links, open attachments, or follow directions unless you recognize the source of this email and know the content is safe.

Dear Brett, Hank, and Donnell,

I'm writing today to submit notice of my resignation from the Planning Commission. It's been a true pleasure and a privilege to serve on the Commission, but after nearly 7 years I think it's time to make space for a fresh voice and to reclaim my Tuesday evenings for family and personal endeavors. I'm very proud of the work we've done together and crossing this threshold with the CLUP feels like a good time for this transition. My hope is that from outside the Commission, I'll be able to advocate for the Ann Arbor I believe in in new ways.

I don't intend to step away immediately and leave the Commission short-handed. I'm happy to stay on until another Commissioner has been approved by Council, or April 30th, whichever comes sooner.

With deep gratitude,

Ellie Abrons
