Subject: Letters of support from Neighbors

Jon,

I sent out the following email to my 5 neighbors on Stratford drive at the beginning of February. Here is my initial letter and their responses. Would it be helpful if they each wrote a more detailed letter and if so, should it be sent to me or directly to you?

Tony

Hi Neighbors,

We hope you are all having a good winter. As some of you may have figured out, we are expanding our deck. We would like to consider adding a privacy fence around our backyard this summer. Due to the shape of our property and the adjacent streets, our back yard is considered a "front yard" by the city and a fence is not allowed without a variance.

I have attached a drawing of our proposed fence along our property line with Bill, along our driveway, and along the back of the grassy area in our backyard (not visible from the street.) I would like your opinion on this and whether or not you would object to it.

We hope to see you all in the spring.

Thanks,
Tony and Ann

Hi Tony! Yes, it's really coming along nicely. Jeff and I are ok with you building a privacy fence around your backyard. If you're concerned about feedback from your Hill Street neighbors, maybe some nice border landscaping along the outside of the fence would soften the look. Either way, it's an improvement, so I'm sure it will look lovely.

Hello, We have no objections.
 Actually a tree fell on our fence on Hill Street and we need to repair it and eventually replace all of our fence. We will be curious to see how you like their work and may want a reference.

Thanks

Hi Tony,
Neither Chris nor I have any objections to a wall. Looking forward to seeing you and Ann when our weather gets better. On the mean time enjoy the warmth of the Florida keys.
Bob & Chris
