

## **Resolution to Recommend Activation and Program Implementation for Center of the City Spaces Based on Council of the Commons' Recommendations**

---

Whereas, The Council of the Commons has been charged by City Council as described in resolution R-20-397 to serve as an advisory body to City Council and provide recommendations for the public spaces on the Center of the City block; and

Whereas, The Council of the Commons has created a detailed [list of recommendations](#), based upon comparable communities, to create programming, improve governance, appearance, and functioning of all three public parcels that comprise the Center of the City for use by residents and visitors prior to any design alteration of the spaces;

RESOLVED, The Council of the Commons recommends that City Council take action to activate and program all of the spaces that comprise the Center of the City, working in partnership with interested members of the community and the City Parks Department, and using the aforementioned recommendations and research around comparable communities as a guide to so.
