**Subject:** Comprehensive Plan

Hi there,

I just completed all of the surveys, but I also wanted to write as follow-up to the April 30 input meeting that I attended. I thought City Staff was kind, knowledgeable, and that the comprehensive plan is very well thought out. I also spoke with one of the planning commissioners who was in attendance and wish to reiterate my support. I look forward to this plan being adopted and rezoning work beginning.

Thanks,
