Subject: SUPPORT Comp Plan Execution Proposal

Dear Planning Commissioners,

I'm writing you a quick note of support for Commissioner Adams' memo proposing a prioritized implementation of Hub and limited Transition category areas (what Commissioner Adams refers to as "adjacent" or "Halo" Transition).

As I have said before, these areas are the "low-hanging fruit" in the Comprehensive Land Use Plan (CLUP) in that they are well-defined and have low impact on Residential areas.

This proposal is a pragmatic approach that will allow us to execute on the most well-defined ideas in the CLUP quickly, unlock a significant potential for new housing in Ann Arbor, and take up the more contentious and detailed discussions around the Residential category and less well-defined Transition areas with a less-urgent timeline looming.

Furthermore, I support the Procedural Recommendations as I believe this will be an effective way to accelerate this process.

Thank you, and I look forward to hearing your discussion on this memo tomorrow.
