

City of Ann Arbor Planning Services

Memorandum

TO: Planning Commission
FROM: Brett Lenart, Planning Manager
RE: Planning Commission Sub-committee and Designee Appointments
DATE: January 15, 2021

The Planning Commission reviews and makes assignments for representation to various groups and committees going forward.

PROPOSED CITY PLANNING COMMISSION MOTION

The Ann Arbor Planning Commission approves the Planning Commission Subcommittee and designee assignments.

On a regular basis, and when membership changes, the Planning Commission discusses and appoints members to sub-committees and as delegates to other Boards and Commissions to coordinate the work of the City.

The number of appointments and subcommittees to consider has expanded from previous years, through the addition of a new Single-family Zoning subcommittee and a Planning Commission designee to the Center of the City Initiating Committee.
