Subject: Submission Deadline Extended: Swayne Field Public Art Project in Toledo, OH [Press Release]

Good Morning,

Please see the attached press release announcing a new public art project planned for the Swayne Field shopping center in Toledo's Englewood neighborhood!

The project will **commission a permanent sculpture that reflects the history of Swayne Field**, while helping support the area's ongoing redevelopment and placemaking efforts.

The initiative is being developed in partnership with the City of Toledo Department of Housing and Community Development and supported by the Greater Toledo Community Foundation's new Arts & Culture Fund.

The Request for Qualifications deadline for artists has been extended to June 1, 2026. Applications are open to artists and teams within 150 miles of Toledo.

We'd appreciate any coverage or sharing of the opportunity! We are happy to provide additional information or coordinate interviews upon request.

Best,

Chloe Nousias (she/her/hers)
