## Innovation in Every Direction: Highlights from a2Tech360 2025

The **2025 a2Tech360** event series delivered meaningful value to Washtenaw County's innovation ecosystem and advanced the LDFA's economic development objectives. Through a coordinated set of events, a2Tech360 highlighted regional strengths in entrepreneurship, technology, and talent while creating opportunities for connection across companies, institutions, and the broader community.

The series brought together founders, investors, employers, students, policymakers, and residents through programming that reflected the full lifecycle of innovation. Signature events such as **Invest360** provided early-stage companies with exposure to capital and feedback from investors, supporting startup growth and reinforcing Ann Arbor's position as a competitive environment for new ventures. The **FastTrack Awards** recognized scaling companies that are contributing to job creation and economic activity, reinforcing a culture that values growth and long-term sustainability.

a2Tech360 also played an important role in engaging the public with the region's innovation economy. Events like **Tech Trek** and live technology demonstrations activated downtown Ann Arbor and created accessible entry points for residents, students, and job seekers to interact directly with local companies. These experiences helped translate abstract concepts like "innovation" into tangible economic activity, strengthening community awareness of the value generated by the LDFA-supported ecosystem.

Talent development and retention were additional areas of impact. Programming such as **Tech Homecoming** connected employers with job seekers and alumni, supporting workforce needs while helping retain skilled talent in the region. By aligning business growth with talent engagement, a2Tech360 addressed a critical constraint facing many local employers.

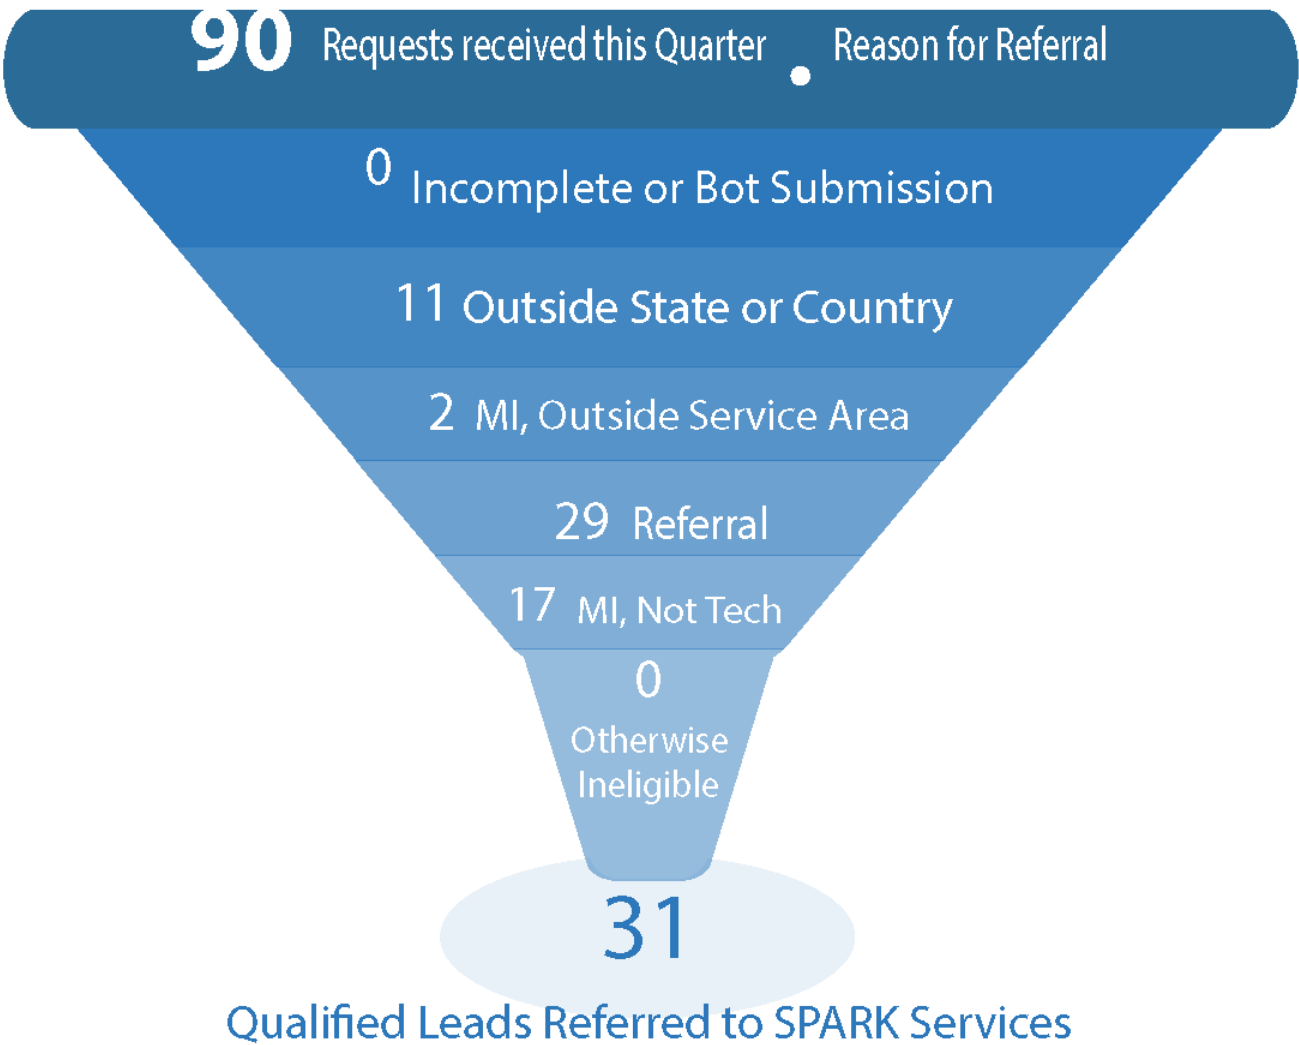

The series also reflected a commitment to inclusivity and cross-sector collaboration. Events focused on women in technology, life sciences, and interdisciplinary innovation helped broaden participation and encouraged knowledge sharing across industries. This approach supports a more resilient ecosystem by reducing silos and expanding access to opportunity.

Overall, a2Tech360 functioned as a strategic convening platform that strengthened relationships, elevated regional visibility, and supported economic development outcomes aligned with the LDFA's mission. The 2025 series demonstrated how targeted investment in ecosystem-building activities can generate both immediate engagement and longer-term benefits for company growth, workforce development, and community understanding. Continued support for a2Tech360 will help maintain momentum and reinforce Washtenaw County's position as a center for innovation and entrepreneurship.

## Talent Programs

### Entrepreneur-In-Residence Program

This quarter, 19 companies utilized the entrepreneur-in-residence program. This program is designed to attract and retain C-level individuals in the community by leveraging their talent and experience to add substantial value to client companies.

Uniq ID	Description	FTEs	Billed Support
17408	Helps customers secure their cloud applications and services by discovering their attack surface, visualizing relationships between critical resources and the attack pathways (attack path modeling), and helping prioritize and automate their defense to the growing surface of cloud threats.	0	\$4,500.00
17787	Lets sales people define arbitrary signals & triggers and then scans their prospect list to surface actionable intelligence related to those triggers.	2	\$4,800.00
12840MU	An online peer-to-peer marketplace for parking aimed at solving parking availability and affordability problem on college campuses by using empty driveway space.	1	\$3,500.00
15410M	An “optimized fleet-as-a-service” to commercial fleet managers for multiple, specific purposes/uses.	2	\$2,000.00
17834U	Building the world's first fully-throwable smart baseball capable of measuring real-time finger placement and pressure.	5	\$250.00
12039YU	Analytics tool that generates synthetic big data sets for healthcare.	0	\$6,000.00
17933	An AI-powered lifelong health companion, seamlessly integrating medical information across providers and insurers to deliver personalized health guidance.	1	\$4,000.00
18056U	A software for mortgage brokers and realtors that would act as a CRM platform, VA and process flow manager.	1	\$2,000.00
17421MU	Developing a modular unmanned surface vessel robot, with state-of-the-art autonomous capabilities, that can be customized depending on the applications need.	2	\$4,275.00
17826	Uses AI to help apartment owners connect with renters and offer best in class pricing, resulting in more leases.	2	\$6,000.00
17031U	Help more patients survive breast cancer and other types of cancers that are treated through surgical removal and radiation by helping their physicians provide the highest level of care and treatment.	7	\$2,137.50
12902Y	A drug formulation to help chronic kidney disease patients.	3	\$4,000.00
17951	Creating a solution that will convert a static process flow diagram into a discrete event simulation model.	2	\$500.00
17924Y	A hardware device designed to automatically detect gunshot sounds in indoor environments, such as schools, offices, clubs, and places of worship.	2	\$625.00
16813	An early-stage drug discovery SaaS that manages drug discovery project data for academic and corporate entities.	2	\$5,100.00

Uniq ID	Description	FTEs	Billed Support
17864	A comprehensive platform that offers end-to-end solutions for businesses seeking custom-branded merchandise and apparel. The platform addresses the complexities and inefficiencies often associated with sourcing, designing, producing, and distributing branded products.	2	\$3,600.00
18180	An AI-driven personal styling app designed to address a core need of feeling more confident in fashion decisions.	0	\$875.00
17323M	A solar-powered mobility platform designed to provide renewable energy and a 50-mile daily driving range.	1	\$5,700.00
14794U	A dynamic standing desk aimed at combating sedentariness and promoting physical activity in the office space.	2	\$1,300.00
<b>Total (19 Companies)</b>		<b>37</b>	<b>\$61,162.50</b>

## Intern Matching Funds Program

The Ann Arbor SPARK internship program provides up to \$6,000 of matching funds to a qualified, growing company to support a three-month intern. This frees up additional funds for other purposes and provides a de-risked way to try out a potential permanent addition to the team - an opportunity that is invaluable during the pivotal period of initial hires. Often the talent is retained at the company after the matched period ends. Special consideration is given to applicants who are considering moving to Ann Arbor and Ypsilanti from another tech hub or have skillsets in high demand. While originally conceived as a summer program, it continues to meet the needs of startups year-round. Any amount invoiced or billed above the matching amount is paid by the client.

Uniq ID	Description	FTEs	Billed Support
12031MU	Multi-dimensional electromagnetic energy convertor (EMEC) that increases the power density of conventional solar modules.	1	\$4,969.00
18036	AI-driven open-source intelligence and narrative correlation across multi-format media.	1	\$1,280.00
17871	An innovative solution for individuals facing stability and mobility challenges when getting in and out of vehicles	2	\$504.00
17659	Developing an optical structure integrated into a fiber, which itself can be interlaced directly into fabrics and apparel using standard textile manufacturing processes.	2.5	\$3,480.00
15410M	An "optimized fleet-as-a-service" to commercial fleet managers for multiple, specific purposes/uses.	2	\$2,200.00
18022	Offering a localized, skill-based hiring platform that makes it easy for businesses to post gig opportunities and for workers to find and apply for relevant jobs in real-time.	1	\$713.52
16985U	An online platform for conversation processing, to provide assistance with the growing number of virtual conversations.	3	\$350.00
17826	Uses AI to help apartment owners connect with renters and offer best in class pricing, resulting in more leases.	2	\$1,753.00
7888	Device which clips onto strength training equipment, capturing and interpreting strength training data in real-time.	5	\$945.00

Uniq ID	Description	FTEs	Billed Support
18143U	Developing Trip Decision Engine featuring machine learning algorithms that predict travel ROI by analyzing CRM data patterns, historical conversion rates, and cost-benefit matrices.	2	\$2,680.00
17814	Provides software to analyze human biomechanics through mobile devices.	2	\$2,540.00
<b>Total (11 Companies)</b>		<b>23.5</b>	<b>\$21,414.52</b>

## Digital Engagement Clinic

Uniq ID	Description	FTEs	Billed Support
17894	The Digital Engagement Clinic at EMU (interns employed directly by the Clinic).	-	\$7,865.60
<b>Total (1 Company)</b>		<b>-</b>	<b>\$7,865.60</b>

## Boot Camp

None this quarter.

## SPARK Central Innovation Center

### Lower Level

Incubator clients are charged a license fee per seat, or person(s) using the space. Exit dates may have passed as some clients have a month-to-month arrangement.

### Virtual Clients

The Virtual Client program at SPARK Central is ideal for those who need drop-in co-working space and amenities at an affordable rate, with month-to-month terms. Some examples are the earliest “investigative stage” founders looking to network and validate their concept, companies at a later stage of growth who want to remain plugged into the core of the entrepreneurial community, or community partners who leverage the location and flexibility this option allows.

### Third Floor

The third-floor incubator space is composed of a shared open office environment and two smaller offices complete with a kitchen, conference rooms, phone booths, and controlled entry. Due to the open layout of the space, clients are free to expand as needed while “seats” only correspond to their billed rate. This model is designed for the stage of company building their strategy, product, and team after attaining investment or revenue.

### Fourth Floor

The 6,000 square foot space is ideal for growth stage companies that are either grown in-house or moving to the area. This workspace has space for over 60 people.

## SPARK East Innovation Center

### Virtual Clients

The Virtual Client program at SPARK East is ideal for those who need drop-in co-working space and amenities at an affordable rate, with month-to-month terms. Some examples are the earliest “investigative stage” founders looking to network and validate their concept, companies at a later stage of growth who want to remain plugged into the core of the entrepreneurial community, or mission-aligned community partners who leverage the location and flexibility this option allows.

### Seated Clients

Incubator clients at SPARK East have designated workspaces, and access to the facility 24/7. They are able to use conference rooms and flex spaces freely to have working sessions with remote staff or host client meetings and events.

Uniq ID	Description	Start Date	Incubator Desks	FTEs
<b>SPARK Central Lower Level: Dedicated Desk (4 Companies)</b>			<b>6</b>	<b>9</b>
11541M	SaaS platform which allows authenticated revenue generating subscriptions to smart road services.	11/17/2025	1	5
17522	A software solution to deploy development and test virtual infrastructure.	6/2/2025	1	2
13622	Creation of gaming software and merchandise for female audiences.	2/12/2025	3	2
11541M	SaaS platform which allows authenticated revenue generating subscriptions to smart road services.	5/22/2024	1	5
<b>SPARK Central Lower Level: Virtual Desk (91 Companies)</b>			<b>0</b>	<b>298</b>
18224M	Builds low-cost aerial decoys that create instant “barbed wire of the sky.”	1/7/2026	-	0
6407	Home care assistant services for household duties to light non-medical personal care applicants.	1/1/2026	-	0
18279M	Developing an integrated Neighborhood Electric Vehicle (NEV) rental and charging ecosystem designed for short-distance urban mobility and sustainable energy optimization.	11/24/2025	-	-
18159	An emotionally driven, science-informed wellness technology that empowers women 35+ to take control of their health through a powerful, personalized visual experience.	9/22/2025	-	1
18176M	Developing an autonomous snow-clearing system.	9/19/2025	-	0
17522	A software solution to deploy development and test virtual infrastructure.	9/1/2025	-	2
18076MU	Makes connected and automated vehicle (CAV) data more accessible to traffic engineers. CAVs have the potential to enable proactive, dynamic, and responsive solutions by providing detailed travel path information.	8/25/2025	-	2
18109	AI-powered SaaS company that transforms engineering-grade 3D models into interactive, immersive experiences for sales, marketing, training, and support.	8/1/2025	-	1
16600	A small rocket for small and cube sat launches and a rocket system that launches a payload into space without using chemical propulsion and only using renewables to power the system (non-nuclear).	7/1/2025	-	5

Uniq ID	Description	Start Date	Incubator Desks	FTEs
18095	A predictive subscription defense engine that empowers consumers to take control of recurring charges before they happen.	6/9/2025	-	5
12098M	Indoor positioning technology to provide traffic control and logistics support for hospitals and healthcare systems.	6/1/2025	-	8
17860	Mobile app for children aged 2–5 uses AI-powered animated avatars and engaging videos. The app helps children develop communication skills and compassion through conversations.	5/7/2025	-	1
17831U	Developing an MR-based, interactive coding platform that transforms coding education into a hands-on, spatially engaging experience.	4/22/2025	-	3
17951	Creating a solution that will convert a static process flow diagram into a discrete event simulation model.	2/17/2025	-	2
17382U	Creating a vitreous biopsy device.	2/13/2025	-	4
17900	Empower users with a reliable, easy-to-use tool for reliable, robust deepfake detection and content authentication with insightful explanations.	2/3/2025	-	2
17817M	Design and development of optoelectronic devices. Addresses the need for low-cost, easily integrated vehicular wireless communications hardware for line-of-sight communications.	1/28/2025	-	1
17858	Creating a new kind of game series and development platform that supports non-clinical therapy. Leveraging a unique fusion of engaging, narrative video games with mental health tools personally designed and vetted by our team’s therapists’ real-world practices.	1/17/2025	-	1.5
8774M	Vehicle-to-everything (V2X) software to make roads and vehicle-to-everything interactions safer.	1/1/2025	-	6.5
17457U	Improves election security by offering a major innovation in the way test decks are chosen.	10/28/2024	-	3
15159	Helps healthcare companies know what germs are growing in their clinical environments.	10/26/2024	-	7.5
16657	Automating the Pacemaker and Implantable Cardiac Defibrillator (ICD) remote monitoring workflow.	10/15/2024	-	2
17712	A global, multi-lingual sales enablement platform that supports the healthcare continuum.	10/11/2024	-	3
17787	Lets sales people define arbitrary signals & triggers and then scans their prospect list to surface actionable intelligence related to those triggers.	10/1/2024	-	2
17667	Developing a keychain which both allows the user to find their keys like a Tile or AirTag, and to communicate using instant messaging through a companion smartphone app with other users of the keychain.	9/9/2024	-	2
17603	Creating preventative telecom solutions to bolster network reliability and reduce associated costs.	8/14/2024	-	4
17669MU	A state-of-the-art simulation toolchain designed to improve the safety performance of autonomous vehicles.	8/12/2024	-	1
16542	Works with organizations to implement innovative, equitable, and sustainable climate solutions that make an impact.	8/9/2024	-	10

Uniq ID	Description	Start Date	Incubator Desks	FTEs
17533U	Solves the inconvenience, cost, and uncertainty associated with acquiring or making high quality molten salts for experimental and commercial uses by applying our decades of process expertise to produce and test salt of consistently high quality and provide it for the energy research community.	8/1/2024	-	1
17359	SaaS product that uses AI to generate interactive video.	7/11/2024	-	14
17629M	Develops new-age automotive technologies in the suspension & chassis segment tailored to the up and coming EV market.	7/10/2024	-	3
17542U	Developing a unique adsorbent for both PFOS and PFOA.	7/1/2024	-	1
7046	Electronics based metering and power line communication.	6/21/2024	-	1
17468	Developing a targeted anti-cancer drug designed to prevent, or significantly delay, metastasis in patients diagnosed with triple-negative breast cancer.	6/17/2024	-	2
17424	A sophisticated tool automating business plans, financial models, and forecasts.	6/15/2024	-	1
17494	Contractor portal for HVAC contractors.	6/4/2024	-	0
16587	AI-Powered Video Analytics For Manufacturing Plants To improve operational efficiency	5/1/2024	-	3
17440	Develops carbon-sequestering technical applications to alleviate environmental stressors from various industries.	4/16/2024	-	5
12120	A population health infrastructure and registry tool that aggregates data from external sources to calculate physician and network performance against sets of clinical guidelines and facilitates.	4/1/2024	-	9
17306	Provides eDNA-based biodiversity assessments and monitoring, along with a suite of novel analytical tools to help nonprofits and industry to accurately report on their biodiversity-related impacts	3/13/2024	-	1
17434MU	An efficient autonomous mobility system.	3/1/2024	-	5
17403U	A health education program for patients who have chronic kidney disease and renal dietitians.	2/12/2024	-	1
17368M	Developing a patented driver alerting solution to reduce collisions between vehicles and nearby cyclists, motorcyclists, and scooters.	2/1/2024	-	2
17327	An Artificial Intelligence SaaS platform that empowers organizations to transform their business by providing easy to use but deep AI capabilities and an ecosystem.	1/15/2024	-	6
17323M	A solar-powered mobility platform designed to provide renewable energy and a 50-mile daily driving range.	1/8/2024	-	1
17353M	A comprehensive suite of solutions in the electric vehicle (EV) charging industry, consisting of Surge Plug and Surge Trip.	1/1/2024	-	2
16739U	Use of artificial Intelligence in the processing of endoscopy videos.	12/14/2023	-	3
585	Software development with biostatistics and spatial epidemiology.	11/30/2023	-	3
17291	A marketplace for holistic solutions.	11/13/2023	-	2
17296	Provides expertly-curated templates for agreements commonly-used by entrepreneurs, businesses and lawyers.	11/10/2023	-	2

Uniq ID	Description	Start Date	Incubator Desks	FTEs
11540MU	Manufacture and sell steel fiber for ultrahigh performance concrete (UHPC).	10/27/2023	-	3
17242	Chronic Illness Counseling, mental health services, clinical social work	9/7/2023	-	1
17172	Providing structured finance solutions for the space industry through closed-end funds and developing quantitative analysis tools to determine valuations for space-asset debt transactions	8/9/2023	-	1
17173MU	A cloud-based software designed to mitigate cyber risks in the automotive industry's complex supply chains.	8/1/2023	-	0
17181	Providing real time values of CO2 build up within the patient and automated CO2 removal from patients as needed	8/1/2023	-	4
17031U	Help more patients survive breast cancer and other types of cancers that are treated through surgical removal and radiation by helping their physicians provide the highest level of care and treatment.	7/12/2023	-	7
16989U	A web-based, interactive platform to deliver implicit bias training.	6/1/2023	-	1
8419M	Next-generation freight marketplace focused on better user experience, lower freight costs, and regulatory compliance.	5/16/2023	-	4
7754U	Sensors and measurement devices for electromagnetic radiation enabling essential technologies.	5/16/2023	-	15.5
2203	Online furniture inventory management that allows targeted retailer interaction.	5/16/2023	-	8
8189M	Unmanned aerial vehicles (UAVs) to detect methane at solid waste landfills.	5/16/2023	-	16
17008	Utilizing electronic leak detection devices and existing building materials to can give building owners the opportunity to extend the life cycle of their roof.	5/12/2023	-	1
15351	An innovative Operating Room Efficiency Platform that enables the healthcare system to reduce stress in the OR, total cost of treatment, and increase patient wellbeing while achieving optimal quality of care.	5/11/2023	-	2
15410M	An "optimized fleet-as-a-service" to commercial fleet managers for multiple, specific purposes/uses.	5/4/2023	-	2
11900M	Meteorological technology intelligence that produces connected vehicle sensor data for improved road safety, improved weather forecasting, and for monetization of data for owners.	5/1/2023	-	4
16928M	A cutting-edge all-in-one hydrogen station with AI/ML energy management system designed to make hydrogen refueling easy, smart, and convenient.	3/10/2023	-	2
16841M	AI tools to automate the creation of photorealistic, lightweight, intelligent and accurate 3D models for all residential areas of the world, for gaming, simulations, interactive media, digital twinning and metaverse.	2/6/2023	-	0
16733M	A Hub-to-Hub middle-mile highway driving - eliminates the need to hire more truck drivers while reducing operations' costs.	2/2/2023	-	4
16563U	Aims to develop novel and more effective therapeutics in the areas of cardiovascular, metabolic and infectious diseases.	2/1/2023	-	3
16562U	ASKO Holdings is the parent company with ASKO Therapeutics and ASKO Pharma as two entities under it.	2/1/2023	-	3

Uniq ID	Description	Start Date	Incubator Desks	FTEs
16547	Develops novel and more effective therapeutics in the areas of cardiovascular, metabolic, and infectious diseases.	2/1/2023	-	3
16464M	A unique electric vehicle thermal management system.	12/20/2022	-	2
8476	Coach startups, help perfect their investor pitches and connect entrepreneurs with investors.	12/5/2022	-	0
11918	Health management platform connecting patients, providers, and caregivers to effectively manage patients with chronic conditions.	11/1/2022	-	4
16656	Game development studio focused on creating a next generation, free-to-play, live service, social shooter.	8/16/2022	-	2
16154U	A urinary catheter extension for early UTI detection.	3/4/2022	-	2
16184	A means of improving oral care compliance in mechanically ventilated patients in order to reduce the real-world rates of ventilator associated pneumonia.	10/21/2021	-	3
15418	A new style continuous positive airway pressure (CPAP)/bilevel positive airway pressure (BIPAP) mask/liner.	9/1/2021	-	3
15255	Digitization of an existing professional internal auditing methodology.	5/27/2021	-	5
15179	Hum enables internet service providers to earn more revenue, automate service, and sell more bulk and resident choice deals in multi-dwelling units.	4/26/2021	-	7
14794U	A dynamic standing desk aimed at combating sedentariness and promoting physical activity in the office space.	3/18/2021	-	2
15090	Digital health and education company with a proven program to reduce weight and thus improve non-alcoholic fatty liver disease (NAFLD) for its members.	3/11/2021	-	4
11895M	A cloud-based platform that enables automotive companies to effectively manage their pre-production operations, meet customer requirements, and collaborate with suppliers in a single platform.	2/16/2021	-	3.5
8769	Automated legal document generation software.	2/15/2021	-	1
12043	Education platform that allows teachers to upload lessons and projects, monitor progress, and guide students.	10/21/2020	-	1
11951M	A computer vision platform tool that error-proofs manufacturing processes and tracks body posture and movement to give assembly operators real-time feedback.	10/19/2020	-	9
6407	Home care assistant services for household duties to light non-medical personal care applicants.	6/26/2020	-	0
12190	Makes control data easy and accessible to build predictive economic models.	5/19/2020	-	9
12070M	An automotive clean-tech company from Finland that designs, manufactures, and sells technology that enables the use of biofuel in gasoline and hybrid vehicles and other machinery.	5/1/2020	-	2
8393	Business-to-business marketplace where businesses can easily find quality information technology professionals.	7/15/2017	-	4.5
6600	Medical device for vision enhancement in persons with partial loss of sight.	6/1/2013	-	2
<b>SPARK Central Lower Level: Suite (1 Company)</b>			<b>3</b>	<b>1</b>

Uniq ID	Description	Start Date	Incubator Desks	FTEs

### Strategic Marketing and Communication Services

The newest addition to the SPARK services for our clients is strategic marketing and communication services. This is an in-house marketing strategy and service for our clients through the LDFA, dedicated to helping clients effectively reach their target audience. A few of the services offered through this expansion are strategy and planning, market targeting, support, and advice on the execution of specific tactics, and connecting clients to additional community resources. This quarter there was a total of 33 sessions with 17 companies; 3 of them were new marketing clients.

Uniq ID	Description	Sessions	New Co
17946MU	Strategic marketing session, content development, marketing resources and educational materials	2	
18073	Content development	1	
17788	Marketing needs assessment	1	1

## Lenawee Now

Our satellite accelerator Lenawee NOW located in Adrian, Michigan has been included on Ann Arbor SPARK's 15-year LDFA extension as a SmartZone. Their office is involved in SPARK's entrepreneur services weekly pipeline meeting, boot camp, MEDC gateway, and our services as a whole. Thus, the following are a few takeaways from their performance over the last quarter.

### **Business Accelerator Intake [Phase I]**

- 5 Total requests received
- 4 Requests non-tech
- 2 Referred to SBDC
- 1 Qualified leads referred to Lenawee Now

### **Company Created**

- 1 Company created this quarter.

### **The following company were evaluated through [Phase II] Due Diligence:**

None during this quarter.

### **The following company received [Phase III] Business Acceleration Grant support:**

None during this quarter.

### **Talent Programs**

Lenawee Now does not have an official EIR program but utilizes the members of our LION fund to assess early-stage projects.

Lenawee Now does not have an Intern Matching Funds program.

### **Hosted Events**

11/20/2025 - Lean Rocket Local Celebration and Showcase09/08/2025

### **Capital Raised**

Lenawee Now's portfolio companies did not raise any capital private capital this quarter.

For the purpose of the Gateway Representative reporting LN records owner investment and portfolio company sales. This number for the 6-month period is \$900,000 revenue

### **Methodology**

Jobs Created: 1

## **Methodology**

### **Initial Data Entry**

A procedure was implemented in late 2008 requiring all entrepreneurs requesting assistance of Ann Arbor SPARK for Business Acceleration services, Incubator space or Boot Camp to fill out an online form which could be accessed through the SPARK website. Basic information including name, address, phone, email, and brief description of company are required. This information is automatically fed into Salesforce. An effort is made to connect with all inquiries within 48 hours. In an initial communication, additional data gathered by SPARK personnel determines if the entrepreneur meets minimum criteria to warrant further discussion and assistance. At that time, a better description is captured of the applicant's needs.

### **Retained FTEs**

We capture the number of FTEs that a company had at the start of an engagement of any kind. This number becomes our retained jobs number and is not altered. However, for reporting purposes it is possible the retained jobs number can change for a company if that company takes advantage of multiple services, and their FTE count changes between those services. For example, when a team attends Boot Camp there may be only one FTE: the entrepreneur. When that team returns for Business Accelerator services there may be additional FTEs: co-founders or initial hires. When reports are generated on Boot Camp attendees the team's retained FTE number would be one. When reporting on Business Accelerator clients, the retained FTEs would be more than one.

### **Current FTEs**

Throughout the year 'current jobs' is collected from entrepreneurs through three methods. When SPARK staff meet with entrepreneurs FTE updates are gathered and recorded in the CRM system. Starting midway through this contract year, written documentation is being obtained from every company at the start of each engagement. This document is attached to their file to corroborate the FTE count listed as start of engagement.

### **Annual Survey**

All current and former clients are surveyed annually using Survey Monkey; an online survey tool that synchronizes with Salesforce. Our survey asks for data including current employment and other vital company information. Unfortunately, the response to our surveys has been less than 100%. The response rates for each of the four areas are listed in each section. If an entrepreneur sends SPARK data via the survey that does not pass a visual inspection, they are contacted and asked to verify the data. If an adjustment is made to the CRM data, written documentation from the entrepreneur is attached to the file.

### **Jobs Created**

New FTEs or "Jobs Created" are calculated by subtracting the retained jobs for the particular service we provided from the current job count, which gives us the added jobs since that particular engagement started. Quarterly report values are representative of job growth for all time served companies, as pulled by data given within the quarter. Annual report values are representative of job growth for companies served with the fiscal year, as pulled by data given within the year and the annual survey.

### **Capital Raised**

Investments and grants are reported to the LDFA when investment amounts are disclosed. In some cases, SPARK learns of investments that have taken place, but cannot accurately report the exact value of such investments due to lack of disclosure. When this occurs, SPARK reports such investments during the quarter in which investment values are disclosed, which may not correlate to the quarter in which the investment took place.

## **Glossary**

In an effort to reduce unnecessary complication, SPARK and the LDFA keep definitions of terms consistent with MEDC. Included for reference are applicable definitions provided by the MEDC:

### **Companies Served**

The number of tech companies that contractor provided services to, including accelerator grants, incubator space, mentoring, consulting, training, etc.

### **Full-Time Equivalent**

All W-2 employees and full-time workers compensated in equity. All part-time employees count as 0.5 FTE. Interns and independent contractors (1099) are not included in this definition.

### **Jobs Created**

Number of jobs created by the companies that contractor served or are incubator clients. Does not include contract positions, only full-time equivalents.

### **Jobs Retained**

Number of jobs retained by the companies that contractor served or are incubator clients. Does not include contract positions. Basically, includes the number of positions or employees at the companies that have been retained because of the funding from the incubator or because of the services that the incubator provided.

### **New Companies Created**

Number of new companies created as a result of contractor's involvement. Companies can be defined as sole proprietorship, LLC, Corp, etc. Involvement can mean: 1) contractor provided services or funding to the company, 2) the company is located in contractor's incubator, 3) the company is a university spin-out, 4) contractor spoke with the newly formed company and provided them help with the next steps in building his/her company for example other resources, training classes, etc., or 5) contractor spoke with the CEO/CTO prior to the company formation. A company is only counted as 'new' if it is incorporated within the subsequent 12 months of the service provided.

### **Tech Company**

A business in which research and development brings forth an innovative product or process. The innovation typically involves intellectual property that contributes to a strong competitive advantage in the marketplace and serves as a foundation for a high rate of growth.
