Hello,

I am writing on behalf of the potential new housing at 315 West Huron. While I do support a possible future housing on site I feel that the current design is uninspired and not inventive enough to warrant an addition to our Downtown region. Also allowing only 15% affordable housing would be a slap in the face to the growing urgent need to help the housing challenged population in Ann Arbor. I urge that the decision please be kindly reconsidered.

Regards-
