**Subject:** Please pause finalizing the Comp Plan

Too few people have had a chance to hear about or participate in the discussion. There are plenty of reasons to slow down the process and take into account the needs of ALL current residents of the city, not just future anticipated or hoped for residents.

Variety in housing is not a bad thing, but allowing 3 story apartments side by side with ranch style houses is not a good idea. No question the ranch house will be over shadowed. Literally!

Please slow this process down and encourage all residents to give input into this very important decision about our city.
