Dear Glen:

It is with regret that I inform you of my decision to resign from the Building Board of Appeals.

I just received notice from Debra that the City is insisting on masks and "social distancing" inside City Hall. This is absurd theater, and I can not abide it. City staff have afforded themselves nearly two years of the inefficiencies of remote working (public be damned), and now the public is to be further subjected to the absurdity of masks and maintaining some arbitrary 6 foot separation.

I was very unhappy when I received John Fournier's memo demanding proof of vaccination, and wasn't sure what to do. I wouldn't have minded affirming that I have indeed received two vaccine doses, even though I consider it a private personal matter, and nobody's business inside City Hall, but I think we all know that it is only a matter of time before a third dose, then fourth dose, then fifth, etc., etc., etc., will be required., and couple that with requiring these absurd additional measures of masking and distancing, and my decision is clear.

Thank you for having nominated me. It was a pleasure to serve, and a pleasure working with you and the board.

Best Regards,
Geoff
