Subject: Implement an unarmed, non-police response in Ann Arbor!
Date: Tuesday, April 5, 2022 12:02:10 AM

This message was sent from outside of the City of Ann Arbor. Please do not click links, open attachments, or follow directions unless you recognize the source of this email and know the content is safe.

City Council Member ,

Dear City Council Members,

I am emailing to urge you to support care-based safety in the City of Ann Arbor by implementing a research informed, care-based, unarmed non-police response using ARPA funds. As you know, the Coalition for Re-Envisioning Our Safety has formed a community led plan with over 700+ community members who have signed on.

After seeing the results of the community survey of ARPA funds, I am glad and unsurprised to see the community is in support of unarmed response. I am pleased with the recommendation of funds from City Administrator Dohoney regarding unarmed response, and am emailing in support of city council to approve the full amount funds and implement an unarmed non-police response plan following the CROS plan endorsed by over 30 orgs in Washtenaw County.

We agree that the time is now. The next step is planning for implementation of the CROS plan with start-up funds and a Request For Proposal (RFP) process. We are ready for the city to commit to its constituents and provide the resources for an independent, community-led, non-police unarmed response program, and hope that city council will stand with its community.

Michael Mueller

I believe concerning Nikolas Cruz, Virginia Drogo was given 20000 Dollars for me to take control of Nikolas Cruz's defense and she has kept the money. She needs to be given 7 years for obstruction. I'm not flying to Miami to take on the states entire law enforcement community without pre set arrangements or the money to make my own. If you don't trust me Nikolas ask Mike Hartley the sweetheart deal I got for him but because he's refused to pay me he's looking at 7 years and I'm doing credit anymore. It's me or life in prison kid. What do you want me to do
Virginia Drogo needs to do 7 years for obstruction and she can show all the corrections officers her new fake tits that nikolas's and my money paid for
So help me God
Sincerely

I believe to notify everyone when the kids and people of Las Vegas now exclaim go knights go it's not because they want the team to win they really don't want them in the city anymore. We all realize they're a group of cowardly thieves who haven't any qualms in fixing games and taking food and joy away from their fans and like usually the psychopathically sick jealous donkey owner and CEO were so jealous of Andre Fleury they had donkeys throughout the city blame the Stanley Cup loss on him and then traded him. That's why in the early 1800s there were signs in store windows Irish need not apply because of psychopathically jealous and abuse lowlifes like the CEO and GM of the knights and their child molesting degenerate cohort
bishop George Thomas

I believe, I read an article about a brilliant proposal two days ago, to reduce and return the country's national speed limit to 55 in an effort to reduce fuel oil consumption on a daily basis. And I believe whoever suggested that suggested the absolutely appropriate action to take. I believe, when a country is in turmoil sometimes it's best to retract in some areas and to calm the throttle as I believe would be appropriate concerning the speed limit. Joe Biden is a clueless con man who has this country positioned on a train to an economic disaster.

I believe, the last thing we should be throttling down is the money supply as FDR proved during his brilliant new deal intervention, that might have saved this country from complete ruin and collapse. We have gasoline prices hovering around 5 dollars a gallon. The congress just stopped the stimulus aid to the economy and the American public, and if the fed raises interest rates to calm the money flow in our economy, it might in a very quick collapse like action, push this country back into a recession. which is probably that degenerate Biden's agenda anyway. I believe returning our country's freeways maximum speed limit is an excellent temporary way to reduce fuel use and cost and I believe, Senator Gary Peters is the definite appropriate Senator to introduce such legislation.

He's from the motor state

I believe Bill Hillbuckle was a disastrous choice as CEO of MGM. I believe, he's an unqualified incompetent who simply knew how to go along to get along as he climbed the MGM corporate ladder while actually accomplishing absolutely nothing. I believe, it's been reported to me, that all sorts of patrons of the MGM properties are having their belongings stolen right out in the open either by MGM employees or their associates, and when the patron wants their belongings returned to them, they are being told to leave the property under threat of arrest. I believe MGM is allowing all sorts of underage teenagers to gamble on their properties in blatant violation of federal law and are basically just stealing their money. I believe, and I'm certain, MGM was the property where 59 people were murdered one evening and the only participation the Jewish millionaire had in the situation was being a victim of murder, who without any documenting forensic proof, simply blamed it all on him, as all sorts split his fortune, and the 6000,000 of the public's money that Adam Paul Laxalt gave Las Vegas Metro to do absolutely nothing.

I believe, if it wasn't for the fact that a fraudulent state and fraudulent federal government are allowing this degenerate, donkey, lowlife criminal to have illegal monopolistic powers here in Las Vegas, Bill Hillbuckle wouldn't turn a profit at one casino let alone 10. I believe he's a very serious criminal who needs to be forcibly removed as CEO of MGM corporation, and if not then the federal authorities in Washington need to padlock

shut every MGM property here in Nevada until such is accomplished
So help me God

Hello,

The City of Ann Arbor's Earth Day Planning Committee is excited to offer you an opportunity to be a part of the 2021 Virtual Earth Day Celebration on April, 25, 2021, at 1pm. We've been working diligently planning an informative event honoring the theme of "Restoring the Earth". However, we cannot achieve this goal without the awesome work of community organizations and nonprofits like yourself. Attached you will find an application and instructions on how you can be a part of this wonderful occasion. The deadline for submissions is March 12th with selected presentations announced on March 19th.

If you have any questions please reply to Galen Hardy ghardy@a2gov.org

Subject: Implement an unarmed, non-police response in Ann Arbor!
Date: Monday, April 4, 2022 11:14:31 PM

This message was sent from outside of the City of Ann Arbor. Please do not click links, open attachments, or follow directions unless you recognize the source of this email and know the content is safe.

City Council Member ,

Dear City Council Members,

I am emailing to urge you to support care-based safety in the City of Ann Arbor by implementing a research informed, care-based, unarmed non-police response using ARPA funds. As you know, the Coalition for Re-Envisioning Our Safety has formed a community led plan with over 700+ community members who have signed on.

After seeing the results of the community survey of ARPA funds, I am glad and unsurprised to see the community is in support of unarmed response. I am pleased with the recommendation of funds from City Administrator Dohoney regarding unarmed response, and am emailing in support of city council to approve the full amount funds and implement an unarmed non-police response plan following the CROS plan endorsed by over 30 orgs in Washtenaw County.

We agree that the time is now. The next step is planning for implementation of the CROS plan with start-up funds and a Request For Proposal (RFP) process. We are ready for the city to commit to its constituents and provide the resources for an independent, community-led, non-police unarmed response program, and hope that city council will stand with its community.

Charles Keller

Subject: Amendment to DS-2, Resolution to set aside the allocation of some ARPA funds for future use in service of those who have been disproportionately impacted by the COVID -19 pandemic.
Date: Monday, April 4, 2022 11:13:50 PM

Amendment to DS-2, Resolution to set aside the allocation of some ARPA funds for future use in service of those who have been disproportionately impacted by the COVID -19 pandemic.

Whereas, Federal rules for committing ARPA funds state that “ there must be a negative economic impact, or an economic harm, experienced by an individual or a class.” and,
Whereas, Federal rules for committing ARPA funds state that these funds must be used to “respond to the public health emergency with respect to . . . its negative economic impacts.”, and
Whereas, the pandemic is still in existence, the City of Ann Arbor is still under a state of emergency due to Covid-19, and
Whereas, we cannot at this time know what all the negative consequences and economic impacts of the on-going pandemic will be, and,
Whereas, the process for public input revealed a great interest in helping the elderly and children, two groups that are most impacted by the on-going pandemic, therefore
Resolved, ½ of the funds earmarked for Vision Zero Plan implementation (\$1,000,000) instead be set aside to be considered for use as necessary in FY 2023/2024, with special consideration given to programs helping the elderly and children in our community recover from the impact of the pandemic.

Subject: Amendment to DS-2, Resolution to direct the allocation of ARPA funds to water infrastructure.
Date: Monday, April 4, 2022 11:05:32 PM

Amendment to DS-2, Resolution to direct the allocation of ARPA funds to water infrastructure.

Whereas, the Final Rule guidelines for distributing ARPA funding state a proper use is “To make necessary investments in water, sewer, or broadband infrastructure”; and
Whereas, it has been mandated by the State of Michigan under the Lead and Copper Rules (LCR) that the City of Ann Arbor remove all lead service lines that connect homes to water mains, as well as galvanized steel lines that are or were connected to lead lines; and
Whereas, the water utility was already making substantial and costly improvements to our treatment facilities when this unfunded mandate was passed; and
Whereas, the houses that have these lines are necessarily old, and make up a substantial part of the city’s existing affordable housing stock, and the residents of these houses are receiving discolored water from the city which can create additional negative health issues; and
Whereas, The City of Ann Arbor is aggressively moving forward with identifying problem houses through its ongoing water meter replacement program and the work of the Water System Advisory Council, and is positioned to act, and has identified approximately 2000 houses in need of water line replacement at a potential cost of \$10,000/house or more; therefore
Resolved , proposed ARPA funding for the Gallup Park Bridge (\$2,300,000) be given completely to Galvanized Water Service Line Replacement to accelerate and help fund the replacement process.

I believe, I read an article about a brilliant proposal two days ago, to reduce and return the country's national speed limit to 55 in an effort to reduce fuel oil consumption on a daily basis. and I believe whoever suggested that suggested the absolutely appropriate action to take. I believe, when a country is in turmoil sometimes it's best to retract in some areas and to calm the throttle as I believe would be appropriate concerning the speed limit. Joe Biden is a clueless con man who has this country positioned on a train to an economic disaster.
I believe, the last thing we should be throttling down is the money supply as FDR proved during his brilliant new deal intervention, that might have saved this country from complete ruin and collapse. We have gasoline prices hovering around 5 dollars a gallon. The congress just stopped the stimulus aid to the economy and the American public, and if the fed raises interest rates to calm the money flow in our economy, it might in a very quick collapse like action, push this country back into a recession. which is probably that degenerate Biden's agenda anyway. I believe returning our country's freeways maximum speed limit is an excellent temporary way to reduce fuel use and cost and I believe, Senator Gary Peters is the definite appropriate Senator to introduce such legislation. He's from the motor state.

Subject: Amendment to DS-2, Resolution to direct the allocation of ARPA funds to affordable housing.
Date: Monday, April 4, 2022 10:55:34 PM

Amendment to DS-2, Resolution to direct the allocation of ARPA funds to affordable housing.

Whereas, the use of ARPA funds is intended primarily to assist those most impacted by the COVID-19 pandemic; and

Whereas, ARPA funding additional guidelines issued by the GAO discourage uses that “create new programs or add-ons to existing programs that require an ongoing financial commitment”; and

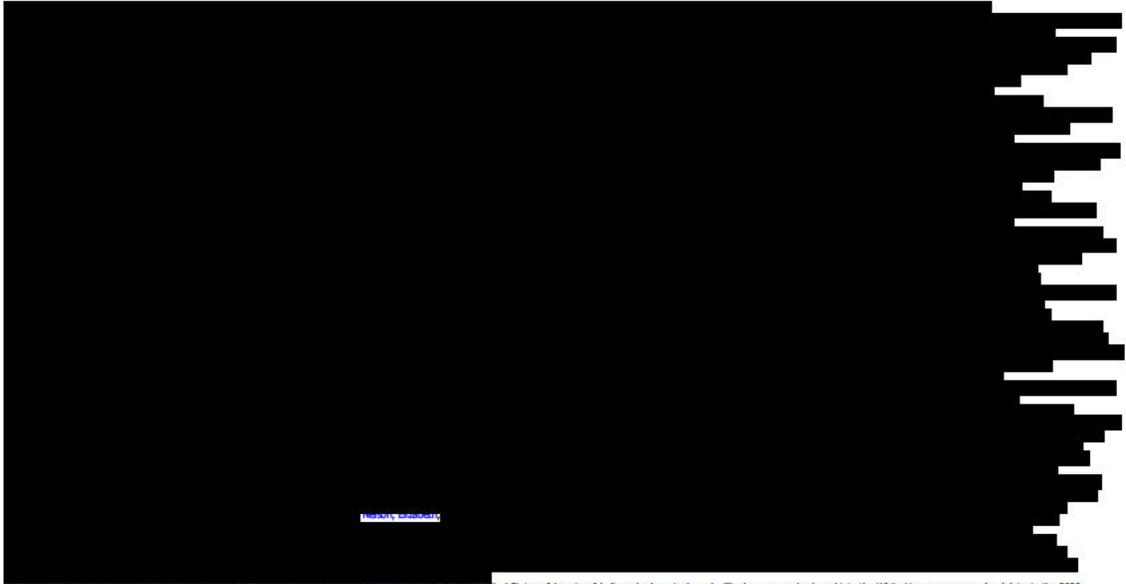

Whereas, there is an overdue need in our community to provide affordable housing, it is considered a priority in city policy, and it ranks highly among polled preferences for receipt of ARPA funding; and

Whereas, acquisition of affordable housing property can remove market barriers to maximizing number of built affordable units, by allowing the Ann Arbor Housing Commission to own properties free and clear; therefore

Resolved, the funding currently earmarked for Solar on City Facilities (\$4,500,000) be budgeted instead to Property Acquisition for Affordable Housing, bringing that amount to \$8,000,000 and further

Resolved, that these funds may be used to pay off the bonds on 350. S Fifth placing whole ownership of the property known as the Y-lot to the Ann Arbor Housing Commission.

I believe here in Las Vegas there is a very serious medical scam that is happening in hospitals throughout the valley, where people who walk into emergency rooms and who are seeking proper medical treatment are put in cubby holes in the hallway, sometimes with 6 people occupying each in a chair. I believe this is not proper emergency treatment. I believe though this borders in quick care type treatment, it's less professional than quick care type treatment, where I believe, in quick care a patient gets their own room, visited by a nurse and a practitioner and then the practitioner returns with the results of the medical assessment. I believe I was recently in a quick care, where the charge was 69 dollars plus whatever diagnostic tests were taken, and I believe with the emergency room treatment in almost all the hospitals in las vegas, being substandard to the care offered in quick cares, I guarantee all these hospitals are charging medicare and medicaid rates that far exceed that a quick care visit.

I believe, if the practice of sending people to chairs in hallways isn't stopped, then federal and state prosecutors must charge these hospitals with medicare and medicaid fraud. The function of an emergency room is to give people proper medical treatment, not to make the CEO look good in the profit margin as they work over the patients and the insurance companies.

I believe anyone who considers to vote for North Las Vegas Mayor John Lee for Governor of Nevada needs to have their head examined by his flunkie Kevin Bernstein. I believe I read several years ago that a new hospital that offers emergency services was going to be built in North Las Vegas. I believe of course it hasn't happened, and I believe the reason is because John Lee and his criminal chief of police didn't want it to happen, because both realize how corrupt the gumba CEO of North Vista Hospital is, and as long as the incredible push to keep their psych beds full to max at all times, thus generating significant revenue, the rest of the hospital could be a 3 ring circus for all he cares about, and both John Lee and his criminal police Chief, like the child molesting Bishop, all realize the chaos and inherent subconscious fear that intentionally improper care instills in the hearts of the populace.

So help me God

I believe I recently read an article's title that stated "Same old Gonzaga" I believe, though the statement was meant to malign Gonzaga's basketball program, in that way it was false, though in reality the statement's true Gonzag out of 1000 college basketball programs in the country, made it to the NCAA's and the sweet 16 again I believe Mark Few and how many athletic directors he worked with, has turned a Catholic college in Spokane into a national basketball powerhouse, that's in the best interest of the entire school So again Mark Few and the Gonzaga players made it to the sweet 16 I believe, Gonzaga is usually over rated at the beginning of every season, and yes they usually play a softer schedule than say Michigan or Duke, so maybe there are the ridiculous ones who consider that if they dont win it all the seasons a failure, and that's just ridiculous and untrue

I believe, Gonzaga's players who played for Mark Few and Gonzaga, Mark Few, and all of the athletic Directors involved, all deserve an incredible round of applause for what they've achieved with a catholic university in Spokane. It was like Bugsy and Meyer and Kansas City building a mecca of fun in the middle of the Sahara desert. It's comparable to what Air Supply used to sing, " making love out of nothing at all " What a great season you guys at Gonzaga and Mark Few had this year I applaud you

I believe, I read an article about a brilliant proposal two days ago, to reduce and return the country's national speed limit to 55 in an effort to reduce fuel oil consumption on a daily basis and I believe whoever suggested that suggested the absolutely appropriate action to take I believe, when a country is in turmoil sometimes it's best to retract in some areas and to calm the throttle as I believe would be appropriate concerning the speed limit Joe Biden is a clueless con man who has this country positioned on a train to an economic disaster
I believe, the last thing we should be throttling down is the money supply as FDR proved during his brilliant new deal intervention, that might have saved this country from complete ruin and collapse We have gasoline prices hovering around 5 dollars a gallon The congress just stopped the stimulus aid to the economy and the American public, and if the fed raises interest rates to calm the money flow in our economy, it might in a very quick collapse like action, push this country back into a recession which is probably that degenerate Biden's agenda anyway I believe returning our country's freeways maximum speed limit is an excellent temporary way to reduce fuel use and cost and I believe, Senator Gary Peters is the definite appropriate Senator to introduce such legislation He's from the motor state

You don't often get email from [REDACTED] <[REDACTED]>

This message was sent from outside of the City of Ann Arbor. Please do not click links, open attachments, or follow directions unless you recognize the source of this email and know the content is safe.

I believe concerning Nicholas Cruz, Virginia Drogo was given 20000 Dollars for me to take control of Nicholas Cruz's defense and she has kept the money. She needs to be given 7 years for obstruction. I'm not flying to Miami to take on the states entire law enforcement community without pre set arrangements or the money to make my own. If you don't trust me Nicholas ask Mike Hartley the sweatshirt deal I got for him but because he's refused to pay me he's looking at 7 years and I'm doing credit anymore. It's me or life in prison kid. What do you want me to do.

Virginia Drogo needs to do 7 years for obstruction and she can show all the corrections officers her new fake tits that nikola's and my money paid for.

So help me God
Sincerely
Donald B Mckiegan 3rd

I believe earlier today within minutes of entering the pairs casino I was confronted by a tall black guy in a security uniform, the same scenario that occurred approximately three weeks ago, as its blatantly obvious that I'm being monitored and stalked and he was tipped off I was on my way to the Paris to use the mens room of which on both occasions he denied me because he criminally asked me for an ID. which he doesnt have any legal right to do so, and I refused to offer it. I believe, ive been in the Paris casino a significant amount of times and I have never seen this security guard on the casino floor ever except bte two times hes stalked harassed approached and terrorized me. I believe its blatantly obvious to me he is the doorman, the bouncer, the monitor of a very serious child prostitution enterprise that is happening in the Paris and in casinos all throughout las vegas, and though he doesnt intimidate the clients nor me. I havent any doubt hes intimidating the children if they refuse to capitulate sexually by threatening them with physical harm.

I believe, I read an article about a brilliant proposal two days ago, to reduce and return the country's national speed limit to 55 in an effort to reduce fuel oil consumption on a daily basis. and I believe whoever suggested that suggested the absolutely appropriate action to take. I believe, when a country is in turmoil sometimes it's best to retract in some areas and to calm the throttle as I believe would be appropriate concerning the speed limit. Joe Biden is a clueless con man who has this country positioned on a train to an economic disaster.
I believe, the last thing we should be throttling down is the money supply as FDR proved during his brilliant new deal intervention, that might have saved this country from complete ruin and collapse. We have gasoline prices hovering around 5 dollars a gallon. The congress just stopped the stimulus aid to the economy and the American public, and if the fed raises interest rates to calm the money flow in our economy, it might in a very quick collapse like action, push this country back into a recession, which is probably that degenerate Biden's agenda anyway. I believe returning our country's freeways maximum speed limit is an excellent temporary way to reduce fuel use and cost and I believe, Senator Gary Peters is the definite appropriate Senator to introduce such legislation. He's from the motor state.

I believe as Gavin Newsom should now realize that his bossom buddy Joe Biden, the career con artist and welfare fraud, who didn't win the election, is possibly on the verge of putting 100000 Californians out on the street as they sought to make people dependent on these minuscule stimulus checks, while not one person probably was assisted to find and develop self sustainability, Joe Biden, rather than tapering down the help, within a month is simply going to just end the Corona Virus funding to americans.
I believe it's imperative upon Newsom and hopefully some other legitimate politicians in California to create some program, any program, to keep these vulnerable people domiciled in a bona fide residence, and then assist them all to find self sustainability as quickly as possible. The United States of America, is the most ingenuous country in the world, we are not a welfare state, and to write I told you so, that and 5 dollars gets me on the Deuce in las Vegas. I believe its imperative that Newsom and other california politicians start taking action now, to keep cities within, people, Californians and the state itself from destabilizing.
So help me God

I believe, I read an article about a brilliant proposal two days ago, to reduce and return the country's national speed limit to 55 in an effort to reduce fuel oil consumption on a daily basis and I believe whoever suggested that suggested the absolutely appropriate action to take I believe, when a country is in turmoil sometimes it's best to retract in some areas and to calm the throttle as I believe would be appropriate concerning the speed limit Joe Biden is a clueless con man who has this country positioned on a train to an economic disaster

I believe, the last thing we should be throttling down is the money supply as FDR proved during his brilliant new deal intervention, that might have saved this country from complete ruin and collapse We have gasoline prices hovering around 5 dollars a gallon The congress just stopped the stimulus aid to the economy and the American public, and if the fed raises interest rates to calm the money flow in our economy, it might in a very quick collapse like action, push this country back into a recession which is probably that degenerate Biden's agenda anyway I believe returning our country's freeways maximum speed limit is an excellent temporary way to reduce fuel use and cost and I believe, Senator Gary Peters is the definite appropriate Senator to introduce such legislation He's from the motor state

I believe, whomever in the western world who convinced the Ukrainian President Zelensky that he and they were going to be able to create a concerning, troubling and actually threatening western installation on Russia's doorstep, duped that man; and quite unfortunately the Ukrainian people are the one's paying the price for this western fabricated confrontation, as some clowns in the west want to call this a war, when it really is a defensively driven invasion. I believe this situation could have and should've been easily de-escalated before it started, as there were those in the west and I'm very concerned it was Blinken and Biden, who convinced Zelensky, who is obviously not a career politician, that to stand up to mother Russia was worth the risk, when it was not. I believe Joe Biden and his incompetent Bill Dibilasio type bureaucrats need to get out of that mess and implore, if he has the option, Russia's president Vladimir Putin, to please stop the bloodshed. Let's have a brief cease fire and let the country's in that region in that region work their issues out together.

I believe, Vice President Harris, if North Korea or Iran seek to launch on our allies South Korea and Israel, do not hesitate to take either or both of them off of the map. This is a fabricated scam. This is not a test Kamala. If you're with me it's because you're able to handle the job and not for any other reason. The only use I have for tokens is to gain access to the subway system in NYC.

Vlady lets bring this back to the table and off of the battlefield

Subject: Implement an unarmed, non-police response in Ann Arbor!
Date: Monday, April 4, 2022 9:49:09 PM

This message was sent from outside of the City of Ann Arbor. Please do not click links, open attachments, or follow directions unless you recognize the source of this email and know the content is safe.

City Council Member ,

Dear City Council Members,

I am emailing to urge you to support care-based safety in the City of Ann Arbor by implementing a research informed, care-based, unarmed non-police response using ARPA funds. As you know, the Coalition for Re-Envisioning Our Safety has formed a community led plan with over 700+ community members who have signed on.

After seeing the results of the community survey of ARPA funds, I am glad and unsurprised to see the community is in support of unarmed response. I am pleased with the recommendation of funds from City Administrator Dohoney regarding unarmed response, and am emailing in support of city council to approve the full amount funds and implement an unarmed non-police response plan following the CROS plan endorsed by over 30 orgs in Washtenaw County.

We agree that the time is now. The next step is planning for implementation of the CROS plan with start-up funds and a Request For Proposal (RFP) process. We are ready for the city to commit to its constituents and provide the resources for an independent, community-led, non-police unarmed response program, and hope that city council will stand with its community.

Hello Joan,

I support the UBI program. Initially, I had reservations that a local program might have the unintended consequence of impacting Medicaid eligibility, especially for children in the MI Child program? As you know, health insurance can be worth thousands of dollars per year for family with a chronically ill child. I am told waivers or exceptions will be possible, so will support UBI tonight.

All the best,

Kathy

Mayor and Council, if there are amendments to the ARPA funding recommendations, please opt for more rather than fewer social services.

If you think the Universal Basic Income is not a good idea at this time, please use that money for other social services such as the Coordinated Funding or affordable housing.

Likewise, please do consider Amendment 2, which would allow supportive services to be included in affordable housing funding.

Thank you,

Joan Lowenstein

This message was sent from outside of the City of Ann Arbor. Please do not click links, open attachments, or follow directions unless you recognize the source of this email and know the content is safe.

Mr. Mayor,
Council Member Grand,

I went for a walk with my dog today and was totally shocked that the woods of Burton Road have been violated. Many trees were chopped down, ancient pine trees lay on the ground, all healthy trees. This area offered shelter to man and animal. Rare species of birds could be found there, deer lived there. There are wetlands. Homeless people had a camp there in the summer. Where will they go now? It was their home.

Now you can see all the way through to the freeway. I understand that finally a housing project will be erected. I am against it.

Who wants to live right next to the freeway? This green space was one of the few accessible green spaces in my neighborhood.

There is too much construction in Ann Arbor and around Ann Arbor for that matter. We are creating our own problems - flooding due to eliminating forests. Deer in the city due to the same reason.

I thought Ann Arbor valued its trees. After seeing the disaster created at Burton Road I don't think so anymore.

How many more trees will be cut down in this area? Please let me know.

Thank you.

Subject: REMNANTS recording now available, how to watch
Date: Monday, April 4, 2022 9:18:54 PM

This message was sent from outside of the City of Ann Arbor. Please do not click links, open attachments, or follow directions unless you recognize the source of this email and know the content is safe.

Hi All,

First, huge thanks to all who got to the March 26th live (streamed) performance of REMNANTS. The tech held up, the Q&A was super, and even (!) I felt good about the performance. The virtual backgrounds seemed to work, and many who'd seen the piece on stage have relayed that the "tight shot" via Zoom framing was, in its way, equally or more compelling. Very satisfying.

Also turns out that REMNANTS got the "largest audience prize" at the festival. That obviously is thanks to you, with an assist from my vast PR staff.

The recording of REMNANTS is now available online. That's the good news. The less good news is that it requires a \$25 "donation" (what they call it) to the Marsh Theatre to get access. On the other hand, you'll have access through the end of April, can watch at any time in any time zone, and also have access to any of the other thirty-something shows that were in the festival. That comes down to less than a buck a show, which is probably less than you'd give to someone playing a bad fiddle in a bad subway.

The way to an access pass is via a version of our favorite link, below. As before, once you agree to "donate," you can keep hitting continue at the bottom of every window--whatever damn things they ask you--until you get to contact info, payment, and "agree to conditions" (which do not appear to be many). You'll get a confirmation (not to be confused with a ticket) and, shortly after that, you should receive an email which contains a link to their youtube channel where the shows live. I think REM is number 14.

This is the link to get the All Access Pass to see all recordings: <https://ci.ovationtix.com/36078/store/donations/47155>

Please ignore the tip jar business. Whatever came in would go to Ukraine aid, and you don't need me for that.

Peace, power, and best to all,

Hank

First, I would like to thank you for supporting the following recommended projects for ARPA funding; \$1M for housing for homeless households, \$3.5M for property acquisition for affordable housing, \$1.68M in additional funding for Coordinated Funding* support (but not at the expense of diverting funds as Amendment 4 proposes), as well as funding for an unarmed police response, and universal basic income pilot. I also want to thank you for supporting the rezoning of the Old Y-Lot to facilitate affordable housing development.

However, I am **strongly** urging you all not to approve Proposed Amendment 1 and divert funding from a basic income pilot to road repairs. ARPA is an emergency rescue plan for directing recovery funds to people. Piloting a basic income project is literally this in action. Road repair funding should be accessed through the separate federal Infrastructure package.

Lastly, I ask you all to please support Amendment 2, which allows for some funds from the property acquisition for affordable housing to go to supportive services in housing, if deemed necessary.

Thank you,

--

City Council Member ,

Dear City Council Members,

I am emailing to urge you to support care-based safety in the City of Ann Arbor by implementing a research informed, care-based, unarmed non-police response using ARPA funds. As you know, the Coalition for Re-Envisioning Our Safety has formed a community led plan with over 700+ community members who have signed on.

After seeing the results of the community survey of ARPA funds, I am glad and unsurprised to see the community is in support of unarmed response. I am pleased with the recommendation of funds from City Administrator Dohoney regarding unarmed response, and am emailing in support of city council to approve the full amount funds and implement an unarmed non-police response plan following the CROS plan endorsed by over 30 orgs in Washtenaw County.

We agree that the time is now. The next step is planning for implementation of the CROS plan with start-up funds and a Request For Proposal (RFP) process. We are ready for the city to commit to its constituents and provide the resources for an independent, community-led, non-police unarmed response program, and hope that city council will stand with its community.

Councilwoman Disch,

I was hoping you could help me understand and navage some internal city workings? I live in Huron Highlands neighborhood on the other side of the greenway from you. I have been talking with some of my other neighbors about removing invasive species and improving the woods there. NAP has provided us some advice but is restricted because the area is not a city park. The property is owned by the city as a right-of-way for a highway on-ramp that long ago changed plans. As a result the area is in limbo. I would like to explore converting it into a City Park Natural Area.

Would you be willing to have a phone or video conversation about how I might start advocating for this change?

Thank you,

Dear Ali,

If you're like me and concerned about the climate crisis and how it's ravaging our communities, this past year was a roller coaster. It started with the initial excitement of a new president and Congress that laid out bold plans. Then the year ended with disappointment when the historic Build Back Better Act stalled.

Given all that, I'm sure many of you have been asking lately, *"What can we do now?"*

We have hopeful news: Our policy experts that work on Capitol Hill say that talks among key senators are resuming, and **the Build Back Better Act is being reworked into something that can actually pass through the razor thin Democratic majority in the Senate.** The goal is to get a new climate, care, jobs, and justice bill passed in Congress before the summer and political energy gets consumed by midterm election and campaign season.

How can we get federal climate legislation done? Here's our plan:

On Saturday April 23, the day after Earth Day, we're mobilizing nationwide with dozens of organizations and movement partners to Fight For Our Future. How? *Covering our towns and cities with public displays of art and creative activism. This Earth Day, let's make sure our elected officials can't go anywhere without feeling the pressure!*

A picture is worth a thousand words -- so we encourage you to try out some creative activism. For example, organize an art build, hold or hang a banner somewhere visible, paint murals and chalk your sidewalks, or create some other kind of public art display to make sure our message demanding climate, care, jobs, & justice is seen and heard across the country!

Then, together we'll share images of our art actions on social media tagging elected officials. Our communications team will get the media's attention, and our lobby team will make sure the message gets back to senators' offices and staff. This Spring is a key moment as new climate, care, jobs and justice legislation is being drafted. **Together we'll show the beauty and scale of our movement and push Congress and Biden to get it done!**

[Take the first step and sign up to organize a public art event or banner hang in your community.](#) *It's ok to be nervous, we will support you every step of the way!*

Yes, I'm interested in organizing an event!

Do you live near **[Washington, DC](#)**; **[Atlanta, GA](#)**; **[Phoenix, AZ](#)**; or **[Pittsburgh, PA](#)**?

Our coalition partners are also organizing bigger rallies in these politically critical cities and states! **Join us on April 23! RSVP to these rallies by clicking on the city name above.** (*Pittsburgh - stay tuned for details!*)

If you're not in these cities, like me, then it's our role to bring the message to cities and towns nationwide to push our elected leaders to Fight For Our Future and invest in climate, care, jobs, and justice. **[Sign up to organize your own event](#)**, or **[join our April Training Series on Tuesdays to build the skills you'll need and sign up later](#)**. We'll also have toolkits, coaches, and office hours to answer your questions and help you feel prepared.

Not ready to sign up? As the Senate develops a bold piece of legislation forward for climate, care, jobs, and justice, the next best thing you can do is to **tweet at Senator Chuck Schumer to show him the urgency of moving forward this Spring**. Senator Schumer, as Senate Majority Leader, has an outsized role in deciding what bills get considered for a vote and when. **[Let's echo the people in the streets by lighting up Twitter to remind Sen. Schumer to join us in the Fight for Our Future.](#)**

Tweet at Senator Schumer

Dear Kathy,

My name is Peyton and I am the policy director for Students for Clean Energy at U of M. I am reaching out to ask whether you would be interested in coming to speak with our club on April 6th from 7-8pm.

We are putting together a short presentation about the Climate Millage to begin a conversation about how students can get involved. Hopefully by bringing awareness to the bill now, we can garner student support over the summer and when we return to campus this Fall, well before election time.

Your expertise on the policy and administrative side would be so valuable to us! Let me know if you would be able to attend and I could share more details. Looking forward to hearing from you.

Best,
Peyton

Hi Kathy,

Thanks for letting me know about that. I wasn't aware of that possible issue with the UBI (though my primary concern is with using one-time funds on ongoing maintenance). I'm glad to hear you're going support it.

Thank you for all your work to help the city.

Best wishes,

Alex

Hello Alex,

I support the UBI program. Initially, I had reservations that a local program might have the unintended consequence of impacting Medicaid eligibility, especially for children in the MI Child program? As you know, health insurance can be worth thousands of dollars per year for family with a chronically ill child. I am told waivers or exceptions will be possible, so will support UBI tonight.

All the best,

Kathy

Hi council members,

I was saddened today when reading through the agenda for Monday's city council meeting to find a proposed amendment to change the \$1.6M planned for UBI spending to be spent on street maintenance instead. While I understand the motivation, I feel this is a bad move for several reasons.

This money is a drop in the bucket for Ann Arbor street funding. In fact, my reading of the current budget puts this at less than 5% of the funding currently assigned for road maintenance and repairs. Unless this changes the road budget to pass a tipping point (which I don't believe it does), this will make very little difference. And even if it does, that's still not a good reason to do so because this is a one-time cash infusion.

One-time grants like this should never be spent on ongoing maintenance. All that does is hide the true cost of running our city, making us dependent on money that probably won't exist next year. The fact that this is a consideration at all is a sign of poor fiscal decisions made by the city council (though I will say I believe these decisions predate the entire current group of city council members). Instead, this money should be spent on capital expenses that will earn the city at least enough revenue to pay for their own maintenance, or they should be spent on experiments that won't need further money once the one-time grant has been spent.

I also believe it's important to point out this was not one of the 13 proposed projects which members of our community were asked to weigh in on when given the opportunity. As such, swapping out one of the listed items for something not listed (and not even the item which received the least support, let alone the least support compared to its expense) seems like a bit of a bait and switch. While I'm sure you don't intend it this way, it does have this appearance.

I understand that you are concerned about road safety - as someone whose primary vehicle is a bicycle and who had a relative injured recently due to improper sidewalk maintenance, safety on the streets of Ann Arbor is a top concern of mine. Narrowing streets, enforcing heavy traffic bans on side streets (with appropriate exceptions), and encouraging lighter traffic through improvements to pedestrian and bike infrastructure as well as public transit are much better ways to go. These changes will not only reduce road maintenance (which is a fiscally sound thing to do), they are also in line with goals such as A2Zero, equity, and carbon neutrality.

I hope that you'll reconsider.

Best regards, and I'll see you all on Monday,

Alex Lowe

Subject: Resolution to request publication of AAPD information as released in City of Ann Arbor FOIA #1996
Date: Monday, April 4, 2022 7:32:00 PM

All,

I know this is an unusual request, but I would like help writing and bringing to the next agenda a resolution asking the AAPD to publish the Policies and Procedures for the Ann Arbor Police, as returned in response to FOIA request 1996, to the city's website. If this information is public, there is no reason it should not be posted in a public forum. I have not seen the list of policies and procedures myself, but please advise if there is any reason why they should **not be** published.

I am asking for this at the request of not just one resident, but for the good of the community to better understand the training and actions of AAPD officers, and should serve to improve community relations.

Thank you for your consideration of this,

Sincerely,

Jeff Hayner

City Council Member ,

Dear City Council Members,

I am emailing to urge you to support care-based safety in the City of Ann Arbor by implementing a research informed, care-based, unarmed non-police response using ARPA funds. As you know, the Coalition for Re-Envisioning Our Safety has formed a community led plan with over 700+ community members who have signed on.

After seeing the results of the community survey of ARPA funds, I am glad and unsurprised to see the community is in support of unarmed response. I am pleased with the recommendation of funds from City Administrator Dohoney regarding unarmed response, and am emailing in support of city council to approve the full amount funds and implement an unarmed non-police response plan following the CROS plan endorsed by over 30 orgs in Washtenaw County.

We agree that the time is now. The next step is planning for implementation of the CROS plan with start-up funds and a Request For Proposal (RFP) process. We are ready for the city to commit to its constituents and provide the resources for an independent, community-led, non-police unarmed response program, and hope that city council will stand with its community.

Subject: Re: Support For UBI
Date: Monday, April 4, 2022 7:21:59 PM

Hi Cat,

From the onset, I want to share that while I cannot guarantee that Amendment 1 will not be offered, I do not plan to move or support it.

All potential amendments had a firm last-Monday deadline for submission to even be considered and so the public had access to them. I worked with a few of my colleagues to submit language for Amendment 1 so that we at least had the opportunity to think about and discuss it. They still would have to be moved and supported at Council to even be discussed at the table.

To shed some light on my thought process: In thinking about these allocations, I paid particular attention to advice from the Government Finance Officers Association (GFOA), and they provided some ARPA guidance that I found compelling (included throughout below), with the goal of ensuring long-term financial stability in municipalities.

I support the concept of a universal or guaranteed basic income. I would love to see a truly universal basic income implemented at the federal level because it could be funded with a progressive wealth tax, but to institute it longterm at the municipal level, at least on Michigan, means that new ongoing revenue comes at the expense of potentially making Ann Arbor less affordable through increased property taxes. Because of this, I struggled with whether a city government, with limited options to raise new revenue, is the best place to implement this initiative (and worried about the expectations and what would happen when funds run out from this one-time pool). With respect to a new Basic Income program, there is currently no firm funding source to continue this after a one-time allocation. GFOA specifically advises, “care should be taken to avoid creating new programs or additions to existing programs that require an ongoing financial commitment.”

Further, one of our city's most basic obligations is the maintenance of our roads and infrastructure to ensure they are safe and accessible -- an obligation we are, at the very least, very behind on. In just the past 6-9 months there have been two sinkholes in Ward 3 streets (Yost & Parkwood). Some of the poorest-rated roads in the city are in old east Ann Arbor (Ward 3) — which are, notably, not the most affluent of Ann Arbor neighborhoods. The overall street conditions in our ward, for motorists and cyclists alike, are not safe — that is extended to pedestrians in many old East Ann Arbor neighborhoods, in particular, because of the current lack of sidewalks. In reviewing materials from GFOA, they advise that “investment in critical infrastructure is particularly well suited use of ARPA funds because it is a non-recurring expenditure that can be targeted to strategically important long- term assets that provide benefits over many years.” While we do have other opportunities coming up to expedite some street repairs, we are so far behind that everything can help.

Finally, public feedback. While the quantitative feedback in the formal public engagement process for ARPA allocation was fairly limited to those projects that were on the initial list, some residents did still take opportunities to ask why we were not using any of the funds for street repairs. Beyond

that; however, street conditions are easily, and by far, the most frequently cited public safety concern I hear from residents throughout Ward 3 (and the city) and are consistently cited as the top priority of residents who reach out through community events, neighborhood meetings, in day-to-day interactions, or through email/social media/etc.

All of this ultimately led me to conversation with a few of my colleagues, and led us to submit language for a potential amendment so that we at least had the opportunity to think about and discuss it.

Since then, CM Disch and I had a good conversation with CM Song and I have a much better understanding of the public-private partnerships that are already in development. With this in mind, and better understanding the value in a short-term demonstration of guaranteed basic income to prove the idea's effectiveness and importance — to potentially give elected leaders at the state and federal level more evidence to support implementation of UBI or for non-profits to entice donors — and because we do have a good balance of infrastructure and human service/support in this package, I am comfortable and excited to move forward with this guaranteed basic income pilot.

All the Best,

--

This message was sent from outside of the City of Ann Arbor. Please do not click links, open attachments, or follow directions unless you recognize the source of this email and know the content is safe.

Hello Council Members,

I hope everyone is well. I wanted to take a second to discuss the current UBI/Guaranteed Income program proposal and why I believe you should support it.

To some people sitting here, 500 dollars wouldn't mean that much. Maybe it's a drop in the bucket

for you, but for others \$500 dollars would mean a true shot at stability.

When you live in poverty, it consumes everything in your life. There is no space to breathe, a bill is due, it's overdue, and now fines and phone calls are coming in to have them paid. I know this because I lived this. I watched my mother lose our childhood home when there was no network to help her, and as an adult working minimum wage, I experienced this first hand.

I hope no one here has to experience the anxiety and fear of losing a home, coming up short on rent, or Owing money to people. It has long-lasting, generational impacts that reflect beyond a single generation.

People have said that this issue is emotional. And the answer is yes; this issue is emotional because poverty is a policy choice.

YOU can radically transform the lives of people in our community that are struggling. You must take it.

I understand that this program is narrow, but I want you to consider that this can be the foundation. We can grow, but we have to plant the seed to start this change.

Thank you,

Cat Hadley
Truman Scholar

Dear City Council Members Briggs and Ramlawi,

I am writing you as a public health professional and daughter of someone with severe mental illness urging you to **support the CROS plan for an unarmed non-police response team and ensure that it is fully funded.**

When my family member was in severe mental distress, I desperately would have wanted to call a caring team of people who were deeply experienced in addressing people in mental health distress who could have *deescalated* the situation. Instead, I had to call the police. I can't tell you how traumatic that was and how awful the fall out was because we were forced to use the only service available to us and call people with guns who frankly didn't know how to deal with a bipolar person who was experiencing a manic episode. **Please help change this dynamic and give people who need and want a compassionate team of people to respond to our loved ones who are in distress.**

Yes, the CROS plan is deeply researched and follows best practices and recommendations of my professional organization (the American Public Health Association with over 25,000 members), and yes it has over 700+ community members who have signed on, and yes it is endorsed by over 30 orgs in this county!!! I am grateful and humbled to see the recommendation of funds from City Administrator Dohoney regarding unarmed response.

And I am asking you to as my representative to PLEASE support such an incredibly important proposal and make sure it is adequately funded. So many families are working so incredibly hard to connect their loved ones to adequate mental health support. It is a long and arduous journey and when unfortunate distressing episodes come up, I want a compassionate option to be there. **PLEASE HELP MAKE THIS HAPPEN!!**

I am beyond ready for the city to commit to its constituents and provide the resources for an independent, community-led, non-police unarmed response program, and hope that city council will stand with its community.

Sincerely,
Maren Spolum

City Council Member ,

Dear City Council Members,

Thank you for taking the time to review my letter. I am a communications professional with over 20 years of experience in public-facing engagement and service. During that time, I have witnessed a number of incidents that police responded to - sadly, without the appropriate support to help the person in need or themselves manage through these difficult situations.

Supporting care-based safety in the City of Ann Arbor by implementing a research informed, care-based, unarmed non-police response using ARPA funds not only meets the expectations of the community (over 700+ community members have signed onto the CROS plan), but it will significantly reduce the stress being felt by police officers when placed in situations that they are unprepared to safely respond to.

After seeing the results of the community survey of ARPA funds, I am glad and unsurprised to see the community is in support of unarmed response. The endorsement of our City Administrator Dohoney highlights the importance of this plan. It is imperative that all available funds be dispersed for the CROS plan to ensure successful care-based support.

We agree that the time is now. The next step is planning for implementation of the CROS plan with start-up funds and a Request For Proposal (RFP) process. We are ready for the city to commit to its constituents and provide the resources for an independent, community-led, non-police unarmed response program, and hope that city council will stand with its community.

This message was sent from outside of the City of Ann Arbor. Please do not click links, open attachments, or follow directions unless you recognize the source of this email and know the content is safe.

City Council Member ,

Dear City Council Members,

Please follow through on the community-based recommendation that Mr. Dohoney submitted to you for full \$3.5M ARPA funding for the non-police unarmed emergency response program. I've been in touch with CM Ramlawi about the proposed amendment to decrease the ARPA funding for the non-police response program by about \$1M and replace it with funding from the marijuana excise tax.

I think this is a bad idea because I assume that the resolution you all passed dedicating the marijuana money to reparations for the War on Drugs was not meant to limit the money that could be spent in this way. However, by taking ARPA funds that the community supports spending on a non-police response program and taking them instead out a fund already dedicated to reparations, the proposed amendment effectively imposes such a limit. I think the better way to accomplish the goals of the amendment would be to allocate both the \$3.5M in ARPA funds AND \$1M from the marijuana money for the non-police response program.

Thank you,
Jared
