

January 22, 2021

Dear Neighbor or Interested Party,

The purpose of this letter is to invite you to meet with representatives from Robertson Brothers Homes and DTN Management in regard to a proposal to develop a new residential community, proposed to be located on the south side of Dhu Varren Road and the east side of Pontiac Trail, adjacent to Leslie Park. The property consists of approximately 63 acres.

At this time, we are completing our due diligence investigations of the site, and have developed a concept plan for the community. In order to comply with social distancing requirements, we have arranged for a Zoom meeting to take place at 6:00 pm on February 8th, 2021. While we prefer to meet with you in person, we believe this is the safest method for discussion and presentation of our proposal.

The purpose of the resident participation process is to inform existing neighbors of our proposal, and allow for discussions with you prior to our formal submittal to the City of Ann Arbor. We find that early engagement leads to better solutions sooner in the process. Our proposal involves the annexation of the land from Ann Arbor Township and a rezoning commensurate with adjacent properties and the City's Master Plan. Due to the anticipated level of environmental cleanup of the site, we are also proposing a Brownfield TIF reimbursement. As depicted on the attached concept plan, we are proposing multiple housing options that include both rental and for-sale homes, consisting of garden apartment style units, condominium buildings, townhomes, and single-family homes.

You can join the Zoom meeting by typing in the following information at the Zoom.us website at 6:00 pm on February 8th:

Meeting ID: **934 7622 5503** and Passcode: **546279**

During this meeting you and your neighbors will be provided an opportunity to discuss the proposal and ask questions of our development team. To make it easier to access the meeting, I am happy to send you a link via email. Please contact me by email and I will respond back with a hyperlink for you to access.

If you have any questions in the meantime you can reach me at (248) 282-1428 or by emailing me at tloughrin@robertsonhomes.com.

We look forward to seeing you at the meeting.

Kind regards,

Tim Loughrin | Director of Land Acquisition

Robertson Brothers Homes | 6905 Telegraph Road, Suite 200 | Bloomfield Hills, MI 48301

The VILLAGE of ANN ARBOR

Presented By

Project Summary

The Vision for the site includes a Village concept with a wide mix of housing options for all ages and stages of life

Development Area	64.08 Acres
Master Plan Density Designation	7-10 Dwelling Units per acre
Number of Homes Proposed	538 Total (8.4 Dwelling Units per acre)
Plan Type	For-Sale Single Family Homes and Townhomes, and Highly Amenitized Apartment Community
Unit Sizes	684 up to 3,000 Square Feet 1 to 5 Bedrooms

RB
ROBERTSON
HOMES

dtn
MANAGEMENT Co.

Project Highlights

Village Concept Provides for Multiple Entry Points in Pricing

Multiple Open Space Areas and New Neighborhood Connections from Olson Park to Leslie Park, Including Walking and Biking Trails

Appropriate Mix of Land Uses Located Within a Targeted Growth Location

Involves the Reclamation of a Previous Landfill Property and the Project will Strive for Several Green Energy Initiatives

Family-Oriented Plan Options

High Quality, Owner-Occupied Homes and Amenitized Apartment Homes

Development Team consists of Highly Respected Regional Builder and Apartment Operator with over 75 Years of Experience

RB
ROBERTSON
HOMES

dtm
MANAGEMENT CO.

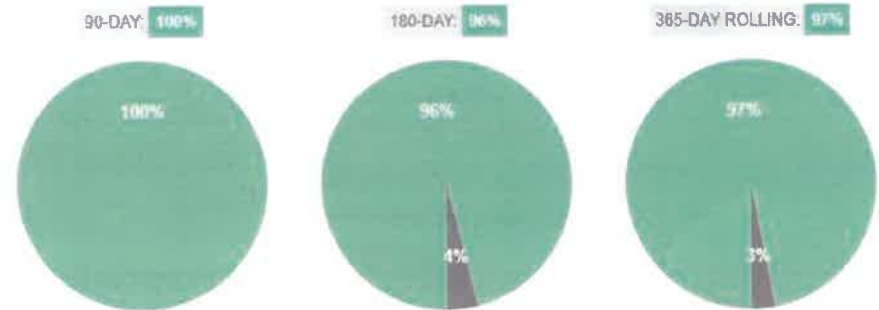

Homebuyer Satisfaction

- Robertson has achieved a 97% Willingness to Refer rating through a comprehensive survey from Woodland O'Brien, an industry standard rating system

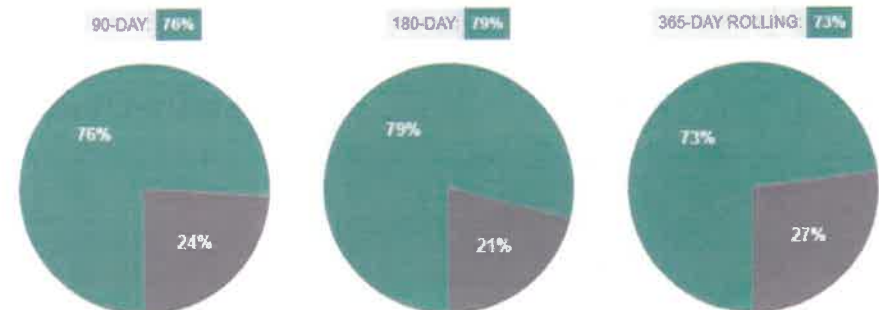

HOMEOWNER WILLINGNESS TO REFER

Top Performers: 97% | All Clients: 90%

HOMEOWNER ENTHUSIASM

Top Performers: 80% | All Clients: 65%

Experience

- Robertson has constructed over **7,000** homes for Southeast Michigan residents and has developed over **100** communities both **large and small**, with housing product ranging from single family, detached condominium, urban infill townhomes, stacked flats, and midrise condo buildings
- Robertson is currently building out 15 residential communities and has over 1,200 homes in its land acquisition pipeline
- Robertson excels at bringing **life to infill** corridors with unique and vibrant housing communities

Experience

- DTN is a privately held and fully integrated real estate company founded in 1972 that develops, owns and operates a portfolio of existing and under development properties valued at approximately \$1 billion, with offices in Lansing and Grand Rapids and approximately **120 investment properties under management.**
- Over a **49-year history**, DTN has acquired or developed over **8,000** residential units and approximately one million square feet of commercial space in lower Michigan, with a current development pipeline of over **900** residential units

Questions?

The VILLAGE of
ANN ARBOR

February 9, 2021

City of Ann Arbor Planning Staff

Re: Village of Ann Arbor Citizens Participation Final Report

Robertson Brothers Homes and DTN Management hosted a Citizens Participation Meeting at 6:00 pm on February 8th. Due to Covid protocols, the meeting was held via Zoom. A total of 1,294 mailers were sent to surrounding property owners as provided to Robertson by the City of Ann Arbor. There were 62 attendees during the meeting, during which several attendees asked verbal questions and typed questions into the comment bar, which were all answered by representatives of the developers. Of the 1,294 mailers sent, approximately 50 were returned as undeliverable.

The meeting notice included a site plan and vicinity map for the project, along with a brief narrative of the development and instructions for logging onto the Zoom meeting. Several attendees had also reached out to us prior for a direct link to the meeting which we provided.

A list of questions and comments follow below. Primarily the discussion focused on the following concerns, with the Developer's responses in red:

- traffic mitigation
 - o A traffic engineer will be commissioned to prepare a study of the current and future traffic patterns, with suggestions for improvements and/or mitigation
- access to Leslie Park
 - o The plan proposes a vehicular access via a new collector road, in addition to pedestrian and bike path connections
- vehicular impact to Dhu Varren on the Park
 - o The project will likely increase traffic overall to Leslie Park, but will provide two new access points which in our estimation will significantly reduce park traffic through Dhu Varren on the Park, which is currently the only access to the park.

- environmental questions
 - o Environmental studies are still being prepared, but the Developer has spent a great deal of time and money exploring the environmental challenges to the site, and further information will be shared as the plan progresses
- sustainability opportunities
 - o The Developer has met with representative from the Office of Sustainability, and will further explore all opportunities to adhere to elements of the A2Zero plan
- introduction of commercial components to the plan
 - o The plan does not include any commercial uses, but the potential for adding small retail options will be explored
- construction timeline
 - o This is dependent on entitlement approvals, but it is likely that construction could start in 2022/2023
- senior housing options
 - o There are several floorplans being proposed with “ranch-style” units that would appeal to seniors
- potential for co-op ownership
 - o While Robertson has not previously developed co-op style housing, it is a concept that we will review
- Natural Area Preservation of the former landfill
 - o Robertson will work with the City to explore designating the former landfill as a Natural Area Preservation to include pathways for connection between Olson Park and Leslie Park
- affordable housing options
 - o Due to the fact that there will be such a wide array of housing options in the development, there will be several affordable options for buyers and renters, and this will be explored further as the project progresses
- plan amenities
 - o The programming of the open space areas has not yet been fleshed out, but the goal is to provide meaningful amenities throughout the development
- park improvements

- Discussions with the Parks Department has already begun and we believe there are opportunities to provide improvements to Leslie Park

The following are specific comments received during the meeting that were answered by the Developer. We proposed that all follow up comments and questions should be provided to Tim Loughrin at tloughrin@robertsonhomes.com. Additionally, the Developers offered to have follow up meetings with the surrounding HOA representatives that were in attendance.

00:34:33 Luis Vazquez: Are there any Environmental Impact Statements or other environmental assessments for the Brewer Property that can be made available for review?

00:35:24 Kris Olsson: I second Julie's question.

00:36:12 Julie Roth (she/her): Thanks I'm so glad you are looking into it. Check out geothermal loops — I really think it could be a GREAT use.

00:36:28 Frances: When do you plan to start building? What date is planned for occupancy?

00:36:28 CM Jeff Hayner: A village is more than just residential, is there any consideration over providing more mixed-use amenities to reduce the need for driving? The traffic impacts of this development combined with the current and other future residential developments in this area will be substantial.

00:36:33 Mark Sandstrom: You mentioned "owner-occupied" homes. How do you assure "owner-occupied"? Is it in the Community Bylaws?

00:36:39 Nancy Hein: Is there a plan to extend Hunley to extend through the new site?

00:37:09 Julie Roth (she/her): I'm also seconding Jeff Hayner's question :)

00:37:21 Brigid K: What are you going to do about the increase traffic on Pontiac Trail and Dhu Varren? Additional traffic lights? Traffic circles? Speed bumps?

00:38:42 Jessica Adamczyk: Your concept plan looks like it connects Hunley Dr. to the new community. Is this correct?

00:39:26 Larry Prussack: are there any plans for adding any stoplights to area?

00:40:46 Les Sipowski: Is there a traffic study prepared? Is the access to Leslie Park needed? Can it be for non-motorized traffic only?

00:40:48 Sandra K Wiley: Many roads in nearby neighborhoods are privately owned. Will your development also include private roads?

00:43:11 Sandra K Wiley: What are the setbacks from the property lines next to Northside Glen and Northside Ridge?

00:44:17 Tom Stulberg: I'm very curious about your townhomes over flats buildings. Can you describe those more? Are they for-sale units? What mix of owners have bought those in other places you have built those? Seniors? ADA?

00:44:19 Jeri Schneider: How about a fence on the south end?

00:44:31 Jeri Schneider: Or better than a fence, trees and shrubs

00:44:32 Les Sipowski: Anybody going from this development to the freeway and back will prefer going through Leslie Park Circle.

00:46:20 Les Sipowski: Will there be a commercial component? Starbucks or small shop next to the Community Building?

00:47:17 Kris Olsson: It seems like as we develop these neighborhoods, they should be connected, especially with pedestrian connections

00:48:03 April: Thank u Sandra. Gretchen's house, traffic, infrastructure

00:48:04 CM Jeff Hayner: YES because there are other subs currently under construction not shown on here yet adjacent

00:49:03 Kris Olsson: The more interconnected you make each neighborhood to other neighborhoods, the less congestion you will have over all, because traffic (ped or auto) will be spread out between the different access areas.

00:49:31 Kris Olsson: I would argue for not making people have to go around to get somewhere that is close as the bird flies

00:49:45 Rufus Kang: Any detail about this project timeline? Which area will be developed first?

00:49:46 Frances: What about infrastructure? Sewer, electricity, traffic on Pontiac Tr. and Dhu Varren?

00:49:57 Kris Olsson: That just encourages more automobile dependent traffic.

00:50:51 Kris Olsson: The smaller the setbacks the less open land you have to use up or consume to create impervious surfaces, and the less urban heat island effect and stormwater flooding you will have

00:51:08 Luis Vazquez: What are likely prices of the SFHs and Townhomes? Will there be inclusion of "affordable" or "workforce" housing, or will all be market rate?

00:51:58 Daniel Noble: What additions to Leslie Park's facilities are contemplated given the increased use that will result?

00:52:21 Julie Roth (she/her): Would be so great, if many developments are happening , if there were some mixed use elements, market space, etc!

00:52:27 Jeri Schneider: I would like to hear about affordable/low-income options as well. That is a priority for Brownfield TIFs

00:53:16 Lisa Jane Disch: I appreciate that this development could house some people who are currently commuting into AA, thereby reducing congestion. But I would like to see a roundabout at Dhu Varren and Pontiac to slow down traffic along Pontiac. This would require coordination with another parcel of land but it would be ideal if this project were willing to contribute some funding to help that project move from idea to reality.

00:54:49 CM Jeff Hayner: We are going to need a stoplight or something at Arrowwood as we have been asking for sometime. There needs to be a way to slow all this traffic.

00:55:10 Jeri Schneider: @ Jeff-agreed

00:55:19 Kris Olsson: Love the ideas for mixed uses like shops, etc.

00:57:25 Jessica Adamczyk: <https://www.mlive.com/news/ann-arbor/2021/01/ann-arbor-wants-to-have-20-minute-neighborhoods-so-what-are-they.html>

00:58:01 Kris Olsson: yes!

00:58:05 Julie Roth (she/her): Yes retail and services!!!!

00:58:15 CM Jeff Hayner: The corner is currently zoned PUD.

00:58:17 Julie Roth (she/her): It would help the WHOLE area

00:58:43 Lisa Jane Disch: We are very very far from the 20-minute neighborhood concept. A coffee shop would be minimal but a little grocery store would be fantastic.

00:58:52 Candace Bulkley (she/her): Tippins Market Northside would be perfect

- 00:58:55 CM Jeff Hayner: At one time it was going to be a RiteAid
- 00:59:02 Andy Piper: The corner of Dhu Varren and Pontiac Trail is set for this use I believe - neighborhood services
- 00:59:13 Kris Olsson: let's all crowd source the purchase and development of that corner
- 00:59:14 Lisa Jane Disch: I'd rather have something nicer than a Rite Aid...
- 00:59:17 April: No retail w/o road infrastructure taken care of
- 01:01:00 Jessica Adamczyk: Has the city's Natural Area Preservation department been consulted during your site surveys? Or have there been any conversations with them about designating your woodland as a city "Natural Area"?
- 01:01:20 Ralph & Deborah Katz: Wouldn't it be wonderful to have a senior independent living building as part of this? Nice connections with a family oriented community and there is a big need.
- 01:01:30 Jeri Schneider: How about local businesses rather than chains?
- 01:01:31 brad ruhfel: Great idea about Natural Area Preservation
- 01:02:32 CM Jeff Hayner: Would you consider co-operative ownership?
- 01:02:57 Kris Olsson: agree with NAP idea
- 01:03:36 Kris Olsson: Personally, I am not experiencing that Pontiac Trail has horrible traffic.
- 01:03:44 Kris Olsson: roundabout!
- 01:06:02 Kris Olsson: If we want to preserve natural areas and our drinking water quality and streams on a watershed wide scale, we need to build densely

(yes the "D" word) within the city limits as much as we can, with *livable, walkable, connected* neighborhoods to reduce car traffic, use as little impervious surfaces as possible, and with mixed uses so we don't have to drive everywhere.

01:06:18 Sandra K Wiley: Have you looked at the upcoming Veridian at County Farm Park development on Platt Rd? Their concept of homes with front porches, facing each other, fosters community in a way yours doesn't.

01:06:20 James Daniel: Cooperative Housing, Senior Living {affordable} or low and moderate income housing

01:07:08 Kris Olsson: The city has all the waste water, drinking water, public transit, telecommunication, etc. infrastructure needed. Better to build here than out in the country where all that infrastructure would have to be built and *green* infrastructure would have to be destroyed.

01:07:52 Julie Roth (she/her): I agree with Sandra W. - if you glance at Veridian, you'll see a very green mixed-use development that everyone is SO excited about.

01:08:06 Kris Olsson: Agree re: Veridian at County Farm Park - a great model for these kinds of neighborhoods!

01:09:15 Ralph & Deborah Katz: Agree that the "greener" the better. It would be wonderful for this to be a very environmentally forward thinking development.

01:09:19 Jessica Adamczyk: I'm thinking about how NAP designated Hickory Nature Area to the west end of North Sky, and there's a proposed Nature Area associated with the Barton Green student housing community. I appreciate that the city is thinking holistically about preserving "wildlife corridors" as a greenbelt through our city. As a resident of North Sky, I see what April's saying, that there's a choke point for the wildlife corridor coming northward, crossing Pontiac Trail in this area, then to reach the Dhu Varren Woods / Leslie Park / Olson plots of woodland. I would hope that the city will be cognizant of this.

01:10:59 Kris Olsson: I would support incentives on density from the city for affordable units

01:11:09 CM Jeff Hayner: I'm sorry I have to leave to attend a Council Budget Work Session please feel free to share and ideas, concerns or considerations with me at jhayner@a2gov.org.

01:12:53 Rebecca Arends: Thanks to both CM's attending

01:12:54 Weili: are we going to have another public meeting after you have more feasible plan updated not just concept plan ?

01:14:06 brad ruhfel: Can non-residents pay a membership to use the pool?

01:25:47 April: Right now there is only 1 city bus line going from downtown to food gatherers. Have you discussed additional bus lines with the city transportation? If folks want seniors will need more bus lines

01:25:59 Monica Truesdell: Would families in the SFH have access to the pool, gym, etc?

01:28:31 Jeri Schneider: You will need to put in many pools for this area!

01:29:00 Lisa: Better do the math on filling a pool in Ann Arbor Water is \$\$\$\$\$\$\$\$!!!

01:29:24 Sandra K Wiley: Thank you. I look forward to future meetings.

01:30:13 Daniel Noble: Are there features you can include that are not well represented in nearby developments that make this development more attractive in light of the traffic it will add?

01:31:55 Monica Truesdell: Can you comment on the size of the lots for the SFH compared to the Pulte development? Will these SFH be spaced farther apart from each other?

01:33:31 James Daniel: Cooperative Living is form of Home Ownership [t worth the time to look into it.

01:35:05 Jeri Schneider: Can you put in space for community gardens?

01:35:54 Jeri Schneider: Super! Is there a water source for the gardens?

01:38:10 Diana Piper: Thank you!

01:38:15 Daniel Noble: Thankyou!

01:38:26 April: Thank you

01:38:34 Ralph & Deborah Katz: Thank you for listening to our comments. Looking forward to seeing where you go with this input.

Robertson and DTN are committed to delivering an exceptional community at this location and we look forward to submitting for annexation, rezoning and site plan review in the coming weeks. Please contact me with any questions relating to this Citizens Participation Meeting.

Respectfully,

A handwritten signature in blue ink, appearing to read 'Tim Loughrin', is written over a light blue horizontal line.
