

## Ann Arbor Tech Trek

Connect firsthand with leading tech companies disrupting industries and redefining innovation.

Friday, October 8 | 1 – 5 p.m.

### Free In-Person Attendance

Downtown Ann Arbor  
Intersection of E. Liberty and S. Division

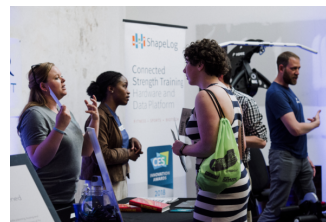

### Free Virtual Attendance

This year, Ann Arbor's largest, public, tech-inspired event will offer in-person and virtual experiences! Adopting a street fair vibe, the region's visionary tech companies will display and demonstrate their innovative products — from behind-the-scenes business solutions to cutting-edge consumer applications. Join us in downtown Ann Arbor for an in-person experience from 1 – 5 p.m.

Simultaneously, at 1 p.m., the A2 Tech Trek immersive virtual experience will go live, featuring companies participating in Tech Trek and Mobility Row. People from around the globe will explore Ann Arbor's tech companies through virtual storytelling, 3D tours, and online product demonstrations.

**Job Seekers:** Register for A2 Tech Trek and identify yourself as a job seeker to receive more information about the Job Seeker Trek — an opportunity to directly connect with hiring companies from the Ann Arbor region. This year, we will have two opportunities to connect with Ann Arbor's hiring companies.

This event is presented by Ann Arbor SPARK.
