Fletcher, Church, Willard, and E. University will be locked down 1 hour prior to the start of the race.

N. University traffic will be a soft close, directed by the police attachment. This will allow for the busses to run. (if the busses aren't running, it would be ideal to lock N. University as well)

The course will open as the last runner reaches the pedestrian mall.

Fletcher will remain closed to traffic to allow the race team to clear the equipment from the street.
