Two sidewalk gaps on the 2023-10-02 Ann Arbor City Council agenda (and a third that should be)

I was very happy to see CA-7 and CA-15 on the city council agenda for 2023-10-02 to close sidewalk gaps. The full [meeting agenda](#) has a lot more detail.

The sidewalk along S Main near Pioneer HS is very long overdue, though I expect you'll hear pushback from AAGO members. Anything to improve pedestrian / bicycle safety near the high school is welcomed and necessary. There is a "goat path" in the weeds behind the curb there, and it's a path to the high school and to Michigan Stadium.

The same goes for the Stone School sidewalk, designed to replace a gap between Packard and Eisenhower. There wil probably be pushback from township residents affected. (And why haven't we annexed those township parcels yet?).

Another sidewalk issue of note is on Third St at Krause, where there's a set of steps at the corner which is no where near ADA compliant.

<https://seeclickfix.com/issues/1415213>

This was first reported in 2014 (!!!) and supposedly is going to get an item on the city Capital Improvement Plan - it has been too big a job to do under the miscellaneous sidewalk improvements part of the CIP, so it's been ignored/neglected except for putting up warning signs.
