> Emails intended for the Planning Commission will be included in the next available packet for distribution to the Commission. Communications received after 12:00pm the day of the Planning Commission meeting will be printed and distributed at the meeting. All other communications will be forwarded to the Planning Commission in the next available packet.

> If your email is a general planning inquiry such as a development project inquiry or informational request, we will respond within two business days. Planning staff are available to meet with you to discuss development concepts, planning regulations and site-specific concerns. Based on the complexity of your site, we will schedule a 15-45 minute virtual meeting to help you through the concept phase. You can help us to prepare for these meetings by filling out our Concept Meeting Request Form.
