Looks like we have a resignation ☹️ Wanted you two to know. Thanks,
Missy

Hi Missy,

See below -- Josh Rego is moving out of state and is therefore resigning from the Environmental Commission.

Do you/we need any sort of formal notification beyond this? I guess I can encourage applications at our next meeting. Do I need to do anything else?

Thanks
Bob

Chair Needham,

Good morning! I hope your new year is off to a strong start!

I'm writing to let you know that my wife was recently offered her dream job in San Francisco, and after much deliberation, decided to accept the opportunity. It's a quick turnaround too – we'll need to be on the West Coast by the end of January – so I'll need to resign from my position on the city's Environmental Commission effective January 21.

I wanted to let you know first, and say thank you for your leadership over the last few months. I'd also like to send a note to our fellow Commissioners thanking them for their past and future efforts in making Ann Arbor such a special place to live, and will plan to do so next week. It has truly been an honor to get to serve in the company of such smart, dedicated, hard-working, and passionate citizens.

Please let me know if there is anything else I can do to help smooth the transition process.

Best,

Josh
