To Whom It May Concern:

I'm writing this letter in opposition to rezoning the West Hoover/West Davis parcels presented in front of City Council. Such a change in zoning devalues every parcel outlined in this study.

R4C was created throughout Ann Arbor to allow for more density in neighborhoods. This creates a diversity of people other than homeowners to be able to respectfully enjoy neighborhoods in Ann Arbor.

By removing this zoning from this area you are preventing growth which is something we shouldn't necessarily be scared of. We just had a beautiful new project constructed at 105 West Davis that has R4C zoning. Preventing multi-housing projects like this does not make sense for the community or this neighborhood.

Sincerely -
