VI OLD BUSINESS

a HB-4738 CROSSWALK LAW

Z. Damon discussed the crosswalk law and the importance of addressing its impact to the work of the commission for improving accessibility for the public.

L. Keeler offered to give his opinions next meeting after further contemplating the proposed law. T. Hull and S. Petersen provided their feedback on the law.

Z. Damon wants commissioners to continue reviewing the proposed crosswalk law as he would like the commission to form what support or opposition the commission wants to put forward in response to the proposed law.

Per S. Petersen's request for more information, T. Hull and Z. Damon will look to get data on the amount of pedestrian crashes in the last 10 years to see rate of crashes before and after the local crosswalk ordinance went into effect.

b CITY ADA COORDINATOR

Per a request received from M. Solomon, Z. Damon discussed the need for clarification on what is being done for this position and whether compliance is being met. To achieve this, he proposed that the ADA coordinator become a regular attendee to the commission meetings starting in 2020 and provide updates regarding their activities and maintain a regular relationship with good communication. S. Petersen voiced concerns over the City not having a position exclusively dedicated to handling ADA issues and suggests the commission see if a staff position could instead be added to improve the process. Z. Damon will

reach out to John Fournier and Jackie Beaudry to discuss this action with them.

D. Poster requested clarification on how someone may submit ADA issues; S. Petersen outlined several avenues for her and the public to follow including A2fixit online, or calling the City Customer Service office or the City Clerk's office.
