Planting Location: Discussion of criteria for priority planting sites.

The committee decided upon the following criteria when coming up with potential planting areas.

- Gateways into the city.
- Higher volume traffic routes.
- Urban canopy & environmental impacts.
- Partnering with parks (other stakeholders) for projects/programs to increase capacity, i.e. 10,000 Trees Initiative.

Other projects will be considered. However, when searching for potential project areas, projects that will meet one or more of the above criteria will be given higher consideration.
