Section 8: That Section 9:42 be amended to read as follows:

9:42. Keeping of chickens or ducks.

(1) Any person who keeps chickens or ducks in the city shall obtain a 6-bird permit from the city prior to acquiring the chickens or ducks. Written statements waiving the distance requirement in subsection (3) below are required for 6-bird permits and shall be submitted at the time of application and become a part of the permit if issued. Application shall be made to the City Clerk and the fee for the permit shall be as determined by Council resolution.

Six-bird permits expire and become invalid 5 years after the date of issuance. A person who wishes to continue keeping birds shall have obtained a new permit on or before the expiration date of the previous permit. Application for a new permit shall be pursuant to the procedures and requirements that are applicable at the time the person applies for a new permit.

Only as used in this section, the term "bird" means only chickens or ducks or a combination of both.

(2) Notwithstanding the issuance of a permit by the city, private restrictions on the use of property shall remain enforceable and take precedence over a permit. Private restrictions include but are not limited to deed restrictions, condominium master deed restrictions, neighborhood association by-laws, and covenant deeds. A permit issued to a person whose property is subject to private restrictions that prohibit the keeping of birds is void. The interpretation and enforcement of the private restriction is the sole responsibility of the private parties involved.

(3) A person who keeps or houses birds on a property shall comply with all of the following requirements:

(a) Have been issued the permit required under subsection (1) of this section.

(b) Keep no more than 6 birds.

(c) The principal use of the person's property is for a single-family dwelling, 2-family dwelling, or a primary or secondary school.

(d) No person shall keep any rooster (male chicken). Both drakes (male ducks) and hen ducks (female ducks) may be kept.

(e) No person shall slaughter any chickens or ducks.

(f) The birds shall be provided with a covered enclosure and must be kept in the covered enclosure or a fenced enclosure, except as otherwise provided in this section. Fenced enclosures are subject to all provisions of Chapter 55 (Unified Development Code).

(g) A person shall not keep birds in any location on the property other than in the rear yard, as defined in Chapter 55, except as otherwise provided in this section. For properties where the principal use is a primary or secondary

school, a person shall not keep birds in that property's front required setback area as defined under Chapter 55 of this Code.

- (h) Notwithstanding other requirements of this section, the birds may be kept outside of the covered enclosure or fenced enclosure subject to the requirements they may only be in the rear yard or side yard, as defined in Chapter 55, and a person shall be present with the birds in the same location.
- (i) No covered enclosure or fenced enclosure shall be located closer than 10 feet to any property line of an adjacent property.
- (j) All enclosures for the keeping of birds shall be so constructed or repaired as to prevent rats, mice, or other rodents from being harbored underneath, within, or within the walls of the enclosure. A covered enclosure or fenced enclosure shall not be located closer than 40 feet to any residential structure on an adjacent property provided, however, this requirement can be waived as follows:
 - (i) If the principal use of applicant's property is for a single-family dwelling, or a primary or secondary school, to obtain such a waiver the applicant shall present at the time of applying for a permit the written statements of all owners of adjacent property that there is no objection to the issuance of the permit.
 - (ii) If the principal use of the applicant's property is for a 2-family dwelling, to obtain such a waiver the applicant shall present at the time of applying for a permit the written statements of the occupants of the other dwelling stating that there is no objection to the issuance of the permit.
- (k) All enclosures for the keeping of birds shall be so constructed or repaired as to prevent rats, mice, or other rodents from being harbored underneath, within, or within the walls of the enclosure.
- (l) All feed and other items associated with the keeping of birds that are likely to attract or to become infested with or infected by rats, mice, or other rodents shall be protected so as to prevent rats, mice, or other rodents from gaining access to or coming into contact with them.
- (m) If the above requirements are not complied with, the city may revoke any permit granted under this section and/or initiate prosecution for a civil infraction violation.

For purposes of this section, "adjacent property" means all parcels of property that the applicant's property comes into contact with at 1 or more points, except for parcels that are legally adjacent to but are in fact separated from the applicant's property by a street or private street.

- (4) A person who has been issued a permit shall submit it for examination upon demand by any police officer or code enforcement officer.
- (5) Permits that were issued under this section when only chickens were allowed and before the effective date of the amendment adding ducks to this section shall continue to allow only chickens until the permit expires. A person may keep ducks

only by obtaining a new 6-bird permit on or after the effective date of the amendment to this section that added ducks to this section.

A violation of this section shall be a civil infraction, punishable by a fine of not more than \$500.00.

(Ord. No. 08-19, § 2, 6-2-08, eff. 8-7-08; Ord. No. 14-28, § 1, 2-2-15; Ord. No. 17-06, § 1, 5-15-17; Ord. No. 18-09, § 10, 7-16-18; Ord. No. 18-31, § 2, 11-8-18; Ord. No. 20-17, § 1, 5-18-20)

9:43. Taking of Wild Animals.

No person shall remove or attempt to remove any wild animal from city-owned property or any park, as defined in Chapter 39, Section 3:1.

This restriction does not apply to persons acting under the direction of the State of Michigan Department of Natural Resources or the City of Ann Arbor as part of a wildlife control protocol, or undertaking pest control at the request of the City of Ann Arbor.

A violation of this section shall be a civil infraction, punishable by a fine of not more than \$500.

Section 13: That Section 9:54 be amended to read as follows:

9:54. Deer feeding prohibition.

(1) Purpose and findings.

The purpose of this artificial feeding ban is to eliminate deer attractions which, when combined with other management strategies, should reduce, over time, the depredation impacts on residents, as well as assure the safety of the traveling public on city streets.

The City Council finds:

- (a) Recreational feeding of deer often causes deer concentrations which develop into depredation and other public safety problems;
- (b) Depredation of garden crops and landscaping plants is increasing as deer habitat decreases and deer populations increase within particular areas and neighborhoods in the city;
- (c) High deer populations can result in increased car/deer crashes within the community, causing public safety concerns.

(2) Acts prohibited.

No person may place or permit to be placed on the ground, or less than 5 feet above the ground surface any grain, fodder, salt licks, fruit, vegetables, nuts, hay or

other edible materials which may reasonably be expected to result in deer feeding, unless such items are screened or protected in a manner that prevents deer from feeding on them. Living fruit trees and other live vegetation shall not be considered as deer feeding.

(3) Exceptions.

This prohibition shall not apply to:

- (a) Veterinarians, city/county animal control officers, parks maintenance staff, or county, state or federal game officials who are in the course of their duties, have deer in custody or under their management.
- (b) Persons authorized by the City of Ann Arbor to implement the Deer Management Program approved by the City Council; or
- (c) Any food placed upon the property for purposes of trapping or otherwise taking deer where such trapping or taking is pursuant to a permit issued by the Michigan Department of Natural Resources.
- (d) Persons feeding domestic animals or wild birds using feeding devices or containers.
- (e) The use of straw, hay or straw-related materials for erosion control, mulching, gardening or other landscape purposes.
- (f) Persons keeping of chickens as provided for under Section 9:42 of this Code.

(4) Enforcement.

(a) Injunctions.

- (i) Violations of this chapter are hereby declared to constitute a public nuisance.
- (ii) If, after written notice to comply, the proper owner fails to abate the nuisance, the City Attorney is authorized to commence civil proceedings for the purpose of obtaining injunctive relief or any other appropriate civil remedy to abate or eliminate the public nuisance.

(b) A violation of this section shall be a civil infraction, punishable by a fine of not more than \$500.00.

Penalties.

- ~~(i) A violation of any provision of this chapter is a civil infraction punishable by a fine of not more than \$100.00, for each day upon which a violation occurs after written notice is provided, plus all costs of the action.~~
- ~~(ii) A violation proved to exist on a particular day shall be presumed to exist on each subsequent day unless it is proved that the violation no longer exists.~~
- ~~(iii) Nothing contained in this chapter shall be construed to limit in any way the remedies, legal or equitable, which are available to the city or any other person for the prevention or elimination of a public nuisance.~~

(Ord. No. 15-21, § 1, 9-8-15)

9:55—9:60. Reserved.

Section 14. This ordinance shall take effect 10 days after passage and publication.
