Dean Fund Budget Update - Michael Pettigrew & Ed Ader

*The Elizabeth Dean Fund's investments are in U.S. Treasury bonds,*

*which generate steady interest income. Our projected earnings rates for the next three fiscal years are as follows:*

- *3.32% for fiscal year ending June 30, 2025*
- *3.78% for fiscal year ending June 30, 2026*
- *4.03% for fiscal year ending June 30, 2027*

*These rates are based on the bonds we currently hold, along with a cautious estimate for reinvesting future funds. The approach is conservative to ensure the fund remains stable and continues to generate income without taking on additional risk.*

*It's important to note that these projections focus on the interest income we expect to earn each year. Since we plan to hold these bonds until they mature, temporary changes in their market value (what they could be sold for today) are not a factor in our planning. This steady approach helps the fund reliably support its mission and maintain a strong financial foundation.*

*From these investments, the Dean Fund received investment income in the form of coupon payments—the interest payments made periodically on our bonds. Based on the bonds currently held in the portfolio, the Dean Fund will receive a total of \$77,727. These are the funds from current investments that will be available to for use.*

*Finance and the committee will maintain a Mark-to-Market cushion of \$100,000.*

FY2026 Budget Discussion - Richard Wieland

*FY2026: Total Budget \$90,000*

*FY2027: Total Budget \$90,000*

*Budget Breakdown (FY2026 & FY2027)*

*- Equity Based Planting: \$65,000*

*- Tree Repair and Maintenance: \$15,000*

*- Requests/Other: \$10,000*

*FY2026: Operating Funds Ending [(1) ,(2)] \$144,270*

*FY2027: Operating Funds Ending [(1) ,(2)] \$134,999*

*Notes:*

*(1) Operating Funds Ending Assumes Entire Budget Spent*

*(2) Assumes Operating Fund Balance Earns ZERO Interest*

*This budget would allow for a two-year tree planting contract.  
Finance staff supports this budget proposal.*

**Davenport moved to approve the FY2026 and FY2027 budgets at \$90,000. Curtis seconded. Motion passed unanimously.**
