COMMUNICATIONS FROM THE CITY ADMINISTRATOR

The City has received 283 requests for pothole repair over the past two months, he said. The City has gone through 251 tons of cold patch and staff continue to respond daily to approximately eight major roads. [14-0294](#) Update from Safety Services Area Administrator

Police Chief John Seto updated Council on the overtime for dedicated extra traffic enforcement. The internal name given to the project is "26 Weeks of Safer Streets." Chief Seto stated the first officers were deployed as part of this assignment on January 9, 2014. Two officers per week have been dedicated to extra traffic enforcement efforts for either four or eight hour shifts each day and a total of 450 hours of overtime have already been scheduled. 80% of the efforts have been focused on pedestrian safety related concerns, including crosswalks and failing to yield. Chief Seto provided Council with a copy of an educational "ticket" that is handed out to drivers as a warning. Chief Seto stated the brochure has been effective because it grabs your attention as it looks like an actual traffic citation.

Chief Seto stated the AAPD Traffic Complaint Questionnaire also went live on the City's website on January 13. Since its implementation, 47 separate questionnaires have been completed and submitted. These questionnaires have been used to help identify targeted areas for enforcement.
