An Ordinance to Amend Section 5:136(2) of Chapter 57 (Subdivision and Land Use Control) of Title V of the Code of the City of Ann Arbor Regarding Requirements for Display of Plans Under Review (CPC Recommendation: Approval - 9 Yeas and 0 Nays) (Ordinance No. ORD-10-20) Approval of this ordinance amendment will 1) remove proposed land divisions from the list of petitions that must be displayed in City Hall prior to a public hearing, 2) add clarification that the plans be displayed in a “publicly accessible” location in City Hall, and 3) revise the duration of plan display from “24 hours per day, 7 days each week, for at least 1 week” to “at least 1 week”.

This amendment was drafted in response to new security practices in City Hall, which make it virtually impossible to meet the ordinance requirement for display of plans under review. The ordinance recognizes recent communication innovations, such as the Legislative Information Center on the City’s web site, have changed how citizens get information about planning projects. The amendments also address the fact that land divisions are no longer reviewed and approved by the Planning Commission and City Council and do not have public hearings.

The proposed amendments will clearly state which plans will be available and how to go about finding the most recent versions. The current practice of placing a copy of the plans initially submitted in the lobby will continue unchanged, and staff will seek to find the most accessible location during and after the renovation of City Hall.

The City Planning Commission, at its meeting of May 18, 2010, recommended approval of this amendment.
