Resolution to Approve the Maple Shoppes Redevelopment Project Brownfield Plan

Attached for your approval is the Brownfield Plan for the Maple Shoppes Redevelopment Project on the corner of Maple and Dexter Roads (site map included in attached Brownfield Plan document). City Council approval of the Maple Shoppes Redevelopment Project Brownfield Plan will allow the approval process to continue through the Washtenaw County Brownfield Redevelopment Authority (WCBRA) and Washtenaw County Board of Commissioners (BOC). The Developer will then seek state approval from the Michigan Economic Development Corporation (MEDC) and the Michigan Economic Growth Authority (MEGA) of the Brownfield Plan.

If approved by City Council on October 20, 2008, the anticipated timetable for review and action by the other government agencies is as follows:

- WCBRA Subcommittee Meeting - 9/29
- City Council - 10/20
- WCBRA Approval - 11/13
- County BOC Hearing - 11/19
- County BOC Final Plan Approval - 12/3
- MEGA Meeting - 12/16

Background

In January 2002, the Ann Arbor City Council voted to join the Washtenaw County Brownfield Redevelopment Authority (R-35-1-02) and adopted a City of Ann Arbor Brownfield Implementation Plan that defines the process and public engagement for projects seeking tax increment financing (TIF) and other economic support for eligible brownfield sites.

MEGA Eligible Activities	
Demolition, Infrastructure, Site Preparation	\$594,194
WCBRA Administrative Fees	\$52,571
<u>WCBRA Revolving Loan Fund</u>	<u>\$105,132</u>
Total	\$1,209,027

* A full list of activities and estimated costs are included in the Brownfield Plan

The TIF is proposed to pay for eligible improvements and environmental response activities on the property consistent with the City environmental goal of significant source removal and Act 381.

The developer is also seeking LEED “Silver” certification for the Aldi store to create an efficient structure that significantly reduces energy use and demonstrates green building practices in the community.

The developer has applied for MBT (Michigan Business Tax credit), which is approved outside the City authority and at no cost to the City.

In summary, this project supports several City goals including reuse of a contaminated site, stormwater quality improvements and environmentally sustainable building construction.

The Brownfield Review Committee established by City Council has reviewed the proposed project and Brownfield Plan and the committee and the administration recommend approval of the Brownfield Plan.
