Resolution to Approve Purchase of Quicklime for Water Treatment from Carmeuse Lime Inc. Bid No. ITB-4187 (estimated \$583,000.00 annually)

Your approval is requested to authorize the purchase of quicklime for the Water Treatment Services Unit. The Water Treatment Plant uses quicklime as the most cost effective method for softening the drinking water. The estimated cost of this chemical for the remainder of FY12 is \$292,000.00. The annual estimate for this chemical is \$583,000.00

The following bids were received:

- Carmeuse Lime Inc \$145.79/ton + \$540/load during weight restrictions
- Huron Lime \$153.10/ton 24 ton maximum load
- Mississippi Lime \$204/ton + varying fuel surcharges (39% this month)
- JCI Jones Chemicals no bid

It is recommended that the resolution be approved to satisfy the Water Treatment Service Unit's requirement of quicklime from Carmeuse Lime Inc as the lowest responsible bidder.

It is also recommended that the purchasing agreement be extended for up to three additional years at no increase in cost if the vendor is agreeable, and if the City deems it to be in its best interest.

Sufficient funds for this purchase are budgeted within the Public Services, Water Treatment Services FY12 Operations and Maintenance budget. Future contract years are subject to City Council's annual appropriation.
