Resolution to Approve Fiscal Year 2018 Fee Adjustments for Public Services Area - Engineering, Systems Planning, Public Works and Water Treatment Services

Mayor and Council, attached for your consideration and approval is the resolution approving fee adjustments for Public Services Area-Service Units for the 2018 fiscal year. The anticipated increase in revenue resulting from the fee adjustments is important to balancing expenditures and revenues in the proposed fiscal year 2018 budget.

Each year in conjunction with the preparation of the budget, Service Area/Service Units are requested to review license and fee revenues to determine if the cost of the services rendered are covered by the charges. When determining these costs, Service Units take into account increases or decreases in expenses such as: labor, material and supplies, equipment, and overhead cost. The increases are generally in the range of 1% to 5% and are for purposes of full cost recovery. In some cases where fees are proposed to be higher than the nominal, explanations are provided to give a rationale for the increase. Decreases are in the range of 2.9%-27.7% and vary more widely due to efficiency improvements, and equipment pricing fluctuations.

The Public Services Area is recommending approval of increases for activities in the following Service Units in order to recover fully burdened costs for ancillary services provided to the customers. These fully burdened costs were based upon estimated time spent providing the service, vehicle expenses, IT costs, materials & supplies, and the municipal service charge.

- Engineering
 - Private Development
 - License Agreements
 - Traffic Engineering/Planning Petitions

- Right-of-Way
- Systems Planning
 - Soil Erosion Inspection
 - Site-Plan Review
 - Utility Modeling
- Public Works
 - Traffic sign & signals
 - Forestry
 - Utilities
 - Meter operations and maintenance
 - Solid Waste
- Water Treatment Services
 - Telecommunications site plan review

Staff requests your approval of the proposed fee adjustments.
