Resolution to Approve a Professional Services Agreement for Construction Materials Testing with Inspection Services Company for the 2008 Street Resurfacing Project (RFP No. 696, \$46,705.00) Attached for your review and approval is a resolution to authorize a Professional Services Agreement with Inspection Services Company (ISC) for construction materials testing services in the amount of \$46,705.00 for the 2008 Street Resurfacing Project.

This project consists of the resurfacing of approximately 22 local streets throughout the City, as well as the reconstruction of the South Main Street / West Eisenhower Parkway intersection. The construction is scheduled for April 28, 2008 through September 2008.

We received proposals from eight firms for the required construction materials testing services. Project Management staff evaluated the proposals and selected ISC based on the proposal, staff qualifications, past involvement with similar projects, and cost. ISC received Human Rights and Living Wage approval on March 5, 2008.

Services to be performed include all the required testing for soils, aggregate, asphalt, and concrete. Funds for the requested services are available in the project budget for the 2008 Street Resurfacing Program.
