Resolution to Approve Grant Applications to the USDA Farm and Ranch Land Protection Program (FRPP) for the Purchase of Development Rights (PDR) on the Various Properties in Lodi, Webster and Superior Townships **(8 Votes Required)**

Attached for your review and action is a resolution to approve the USDA Farm and Ranch Land Protection Program (FRPP) applications for the purchase of development rights (PDR) for various properties located in Lodi, Webster and Superior Townships.

**Grant Applications:**

Applications to the USDA FRPP program are for funds up to 50% of the appraised fair market value of the development rights to a maximum of \$5,000 per acre. Completed applications must be submitted by March 9, 2011. It is anticipated that a request for approvals of grants, if awarded, will be presented to City Council in June 2012.

The Greenbelt Advisory Commission recommended submission of the grant applications at its December 14, 2011 and January 5, 2012 meetings.

The attached resolution also approves Voluntary Agreement for the Sale of Agricultural Land Development Rights for the farms.

The Voluntary Agreement for the sale of the development rights (pending offer) is contingent on the following:

- a. Establishment of a fair market price for the development rights to be determined by an appraisal and approved by the City and USDA FRPP.
- b. Conveyance of good and marketable title to the development rights by Farmland Development Rights Easement.

- c. Acceptable environmental site assessment of property.
- d. Acceptance of the Farmland Development Rights Easement by Ann Arbor City Council and the Farm and Ranch Lands Protection Program.

An appraisal will be completed and if awarded grant funds, a complete budget, along with purchase agreement will be submitted to Council for review and action.

**Conservation Easement:**

The easement is made pursuant to section 36111 b of the Natural Resources and Environmental Protection Act (MCL 324.36111b; MSA 13A.36111b) and Chapter 42 of the Ann Arbor City Code. The easement is for the purpose of preservation of the Property's agricultural use, including the protection of prime, unique or important soils, by preventing any use that would significantly impair or interfere with the agricultural value.

Matching grant funds are through the USDA Natural Resources Conservation Service. The City's share is from the Open Space and Parkland Preservation Millage proceeds. The FRPP program is voluntary and provides matching funds for local governments to acquire development rights on farmland. The landowners retain the right to use their property for agriculture.

A brief description of the properties for grant applications is as follows:

**Donald Drake Farm, Lodi Township**

The farm is approximately 220 acres and is located along Waters Road in Lodi Township. The property is considered large enough to sustain agricultural production and is in a location that will encourage additional farmland preservation and agricultural preservation activities.

**John Russell Farm, Lodi Township**

The farm is approximately 150 acres and is located along Textile Road in Lodi Township. The property is considered large enough to sustain agricultural production and is in a location that will encourage additional farmland preservation and agricultural preservation activities. The property is in close proximity to the Lindemann and Weidmayer farm that was protected by the Greenbelt and FRPP in December 2011.

**Carol Schumacher Property, Lodi Township**

The farm is approximately 100 acres and is located along Pleasant Lake Road in Lodi Township. The property is considered large enough to sustain agricultural production and is in a location that will encourage additional farmland preservation and agricultural preservation activities. The property is adjacent to the Lindemann and Weidmayer farm that was protected by the Greenbelt and FRPP in December 2011.

**Robbin Alexander Trust Farm, Webster Township**

The farm is approximately 90 acres and is located along Northfield Church Road. The property is considered large enough to sustain agricultural production and is in a location that will encourage additional farmland preservation and agricultural preservation activities. The property is located adjacent to the Bloomer Farm, protected by the Greenbelt in 2005. The property is also in close proximity to additional properties already protected by the Greenbelt and Webster Township.

**Robert Schultz Farm, Superior Township**

The farm is approximately 136 acres and is located along Geddes and Harris Roads in Superior

Township. An application to participate in the Program was received from the deed holders in December 2011. This farm is considered large enough to sustain agricultural production. The property is located in a block of over 1,000 acres of protected farmland and open space. The property is also located in close proximity to the Meyer Preserve, which the City partnered with Washtenaw County Parks for the purchase.
